Important Information regarding Paper 2 of Phase II of Information Technology Stream

As informed earlier to candidates of Information Technology Stream that Paper 2 of Phase II examination for Information Technology Stream (Coding test) shall be conducted on March 14, 2021 and link for choosing Centre Preferences for the same has already been provided on the SEBI website.

In this regard, candidates may note that the online Coding test shall be conducted by Centre for Development of Advanced Computing (C-DAC), on behalf of SEBI.

In order to enable candidates, who have qualified for Paper 2 of Phase II of Information Technology Stream, to get accustomed with "Parikshak", an automated platform which shall be used to evaluate programming skills i.e. the coding test scheduled to be held on March 14, 2021 at 18 cities, a user manual for "Parikshak" is being shared with candidates. The "Parikshak" can be accessed from <http://parikshak.in/>.

At the home screen of "Parikshak", candidates would be required to enter Username and Password. **The candidates are required to enter their Registration number as Username. The Password for login shall be shared with eligible candidates on their registered email id and mobile numbers.** Candidates who have qualified for Phase II examination for Information Technology Stream only would be eligible.

A sample exam namely "**SEBI_Practice**" has been created for candidates to practice. The candidates would be required to choose one of the languages from C++/JAVA/Python before the candidates can start solving the problem.

Candidates are advised to go through the User Manual carefully before login.

Any queries in this regard may be sent to recruitment@sebi.gov.in only.
