The particulars of the Scheme have been prepared in accordance with the Securities and Exchange Board of India (Mutual Funds) Regulations 1996, (herein after referred to as SEBI (MF) Regulations) as amended till date, and filed with SEBI, along with a Due Diligence Certificate from the AMC. The units being offered for public subscription have not been approved or recommended by SEBI nor has SEBI certified the accuracy or adequacy of the Scheme Information Document.

The Scheme Information Document sets forth concisely the information about the scheme that a prospective investor ought to know before investing. Before investing, investors should also ascertain about any further changes to this Scheme Information Document after the date of this Document from the Mutual Fund/Investor Service Centres/Website/Distributors or Brokers.

The investors are advised to refer to the Statement of Additional Information (SAI) for details of Kotak Mahindra Mutual Fund, Standard Risk Factors, Special Considerations, Tax and Legal issues and general information on www.kotakmf.com

SAI is incorporated by reference (is legally a part of the Scheme Information Document). For a free copy of the current SAI, please contact your nearest Investor Service Centre or log on to our website.

The Scheme Information Document (Section I and II) should be read in conjunction with the SAI and not in isolation.

Part I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Kotak Nifty Next 50 Index Fund.
II.	Category of the Scheme	Other Schemes –Index Funds
III.	Scheme type	An open-ended scheme replicating/tracking the NIFTY Next 50 Index.
IV.	Scheme code	KOTM/O/O/EIN/20/04/0060
V.	Investment objective	The investment objective of the scheme is to replicate the composition of the Nifty Next 50 Index and to generate returns that are commensurate with the performance of the NIFTY Next 50 Index TRI, subject to tracking errors. However, there is no assurance that the objective of the scheme will be achieved.
VI.	Liquidity/listing details	The Scheme offers Units for Subscription and Redemption at NAV based prices on each Business Days on an ongoing basis. Since the Scheme is open-ended, it is not necessary to list the units of the Scheme on any exchange.
VII.	Benchmark (Total Return Index)	Kotak Nifty Next 50 Index (TRI) <u>Benchmark Rationale -</u> The performance of the Scheme is measured against Nifty Next 50 (Total Return Index). As the Scheme is an Index Scheme and would invest in securities constituting Nifty Next 50 TRI, the said index is an appropriate benchmark for the Scheme.
VIII.	NAV disclosure	The NAVs of the Scheme will be calculated and disclosed on every Business Day on the website of the Kotak Mahindra Mutual Fund viz www.kotakmf.com and AMFI's website www.amfiindia.com by 11.00 p.m. For further details, refer Section II.
IX.	Applicable timelines	Dispatch of redemption proceeds The Mutual Fund shall initiate payment of redemption or repurchase proceeds to the unitholders within three working days from the date of redemption or repurchase. In case of exceptional situations listed in AMFI Circular No. AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, the scheme is allowed additional timelines for transfer of redemption or repurchase proceeds to the unitholders. Dispatch of IDCW The Income Distribution cum capital withdrawal (IDCW) payments shall be dispatched to the unitholders within seven working days from the record date.

X.	Plans and Options Plans/Options and sub options under the Scheme	Plan- Direct Plan/Regular Plan Direct Plan: This Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Fund and is not available for investors who route their investments through a Distributor. Regular Plan: This Plan is for investors who wish to route their investment through any distributor. Options under each Plan(s) • Growth • Income Distribution cum Capital Withdrawal (IDCW) i) Payout of Income Distribution cum Capital Withdrawal Option ii) Reinvestment of Income Distribution cum Capital Withdrawal Option The NAVs of the above Options will be different and separately declared; the portfolio of investments remaining the same. The AMC/Trustee reserve the right to introduce Options(s) as may be deemed appropriate at a later date subject to SEBI (MF) Regulations and circulars issued thereunder from time to time. Default Option /Sub-Options • If applicant does not indicate the choice of option between growth and Income Distribution cum capital withdrawal (IDCW) option in the application form, then the fund will accept it as an application for growth option under respective plan. • If applicant does not indicate the choice of Income Distribution cum capital withdrawal (IDCW) sub-option between payout of Income Distribution cum capital withdrawal (IDCW) and reinvestment of Income Distribution cum capital withdrawal (IDCW) then the fund will accept it as an application for reinvestment of Income Distribution cum capital withdrawal (IDCW). For detailed disclosure on default plans and options, kindly refer SAI.
XI.	Load Structure	Exit Load: NIL No exit load will be chargeable in case of switches made between different plans/options of the scheme. The AMC reserves the right to change / modify the Load structure of the Scheme, subject to maximum limits as prescribed under the SEBI (MF) Regulations and circulars issued thereunder from time to time.

XII.	Minimum Application Amount/switch in	Initial Purchase/Switch in - Rs. 100/- and any amount thereafter SIP Purchase - Rs. 100/- and any amount thereafter
XIII.	Minimum Additional Purchase Amount	Rs. 100/- and any amount thereafter
XIV.	Minimum Redemption/switch out amount	The minimum redemption amount for all plans will be Rs. 1000/- or 100 units or account balance, whichever is lower.
XV.	New Fund Offer Period This is the period during which a new scheme sells its units to the investors.	This does not apply to the scheme, as the ongoing offer of the Scheme has commenced after the NFO period, and the units are available for continuous subscription and redemption.
XVI.	New Fund Offer Price: This is the price per unit that the investors have to pay to invest during the NFO.	This does not apply to the scheme, as the ongoing offer of the Scheme has commenced after the NFO period, and the units are available for continuous subscription and redemption.
XVII.	Segregated portfolio/side pocketing disclosure	Segregation of portfolio has been enabled in the scheme. For Details, kindly refer SAI
XVIII.	Swing pricing disclosure	Not Applicable
XIX.	Stock lending/short selling	Stock lending has been enabled in the scheme. For Details, kindly refer SAI
XX.	How to Apply and other details	Investors should apply through a common application form/online. Investors, are requested to go through the Guidelines / instructions in Key Information Memorandum (KIM) cum application form for filling up the application form before investing. The investors signature on the main application form shall be the basis for all future transactions processing. Existing investors can use their Folio number at the time of investing in the same scheme or any scheme of Kotak Mahindra Mutual Fund. All cheques should be crossed "Account Payee Only" and drawn in favour the scheme name in which investment is intended to be made. The investors can submit the Application forms and Key Information Memorandum (along with transaction slip)/ forms for redemption/ switches at the branches of AMC or Investor Service Centres (ISCs)/Official Points of Acceptance (OPAs) of the Registrar (CAMS) or distributors or on the website of Kotak Mahindra Mutual Fund (www.kotakmf.com). Investors are also advised to refer to Statement of Additional Information before submitting the application form. For Further details refer section II.

Designation: Compliance Officer

Part II. INFORMATION ABOUT THE SCHEME

A. How Will The Scheme Invest Its Assets?

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Equity and Equity related securities covered by NIFTY Next 50 Index *	95	100
Debt/Money Market Instruments#	0	5

*Exposure to equity derivatives of the index itself or its constituent stocks may be required in certain situations wherein equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period etc. The gross position to such derivatives will be restricted to 50% of net assets of the scheme.

#Money Market instruments includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, triparty repo and any other like instruments as specified by the Reserve Bank of India from time to time and subject to regulatory approval.

The scheme may invest in another scheme of the Kotak Mahindra Mutual Fund or any other Mutual Fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management of Kotak Mahindra Asset Management Company Limited or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of Kotak Mahindra Mutual Fund.

Pursuant to para 12.18 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the scheme may participate in the corporate bond repo transactions. The gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 5% of the net assets of the concerned scheme.

To reduce the risk of the portfolio, the Scheme may use various derivative and hedging products from time to time, in the manner permitted by SEBI. As per para 12.24 of SEBI No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the cumulative gross exposure through equity, debt, derivative positions, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme.

The Scheme may invest in listed/to be listed equity shares as per the extant SEBI (Mutual Funds) Regulations, 1996 and amended by SEBI from time to time. The scheme may also invest in listed/unlisted and/or rated/unrated debt or money market securities, in accordance with para 12.1 of SEBI No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and other guidelines/circulars as may be amended from time to time.

Pursuant to para 12.11 of SEBI No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, as amended from time to time, the Trustee may permit the Scheme to engage in securities lending and borrowing. At present, since only lending is permitted, the scheme may temporarily lend securities held with the Custodian to reputed counter-parties or on the exchange, for a fee, subject to prudent limits and controls for enhancing returns. The Scheme will lend securities subject to a maximum of 50%, in aggregate, of the net assets of the Scheme and 50% of the net assets of the Scheme in the case of a single intermediary.

The Scheme does not intend to undertake/ invest/ engage in:

- ADR/GDR/overseas securities
- Credit Default Swaps.
- Foreign securities
- Securitized debt
- Structured obligations and credit enhancements.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sr. No.	Type of Instrument	Percentage of exposure (Maximum)	Circular references*
1.	Securities Lending	Aggregate - 50% of net assets of the Scheme Single intermediary - 50% of the net assets of the Scheme	Para 12.11.2.1 of Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024
2.	Units of Mutual Fund schemes	5% of the net Assets of the scheme	Clause 4 of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996
3.	Equity Derivatives	50% of the net assets of the scheme	Para 7.5 and 12.25 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024
4.	Repo transactions in corporate debt securities	5% of the net Assets of the scheme	Para 12.18 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024
5.	ADR/GDR/overseas securities	The Scheme shall not invest in ADR/GDR/overseas securities/ foreign securities.	N.A
6.	Credit Default Swaps	The Scheme shall not invest in Credit default swaps	N.A
7.	Foreign securities	The Scheme shall not invest in Foreign securities	N.A
8.	Securitized debt	The Scheme shall not invest in Securitized debt	N.A
9.	Structured obligations and credit enhancements	The Scheme shall not invest in Structured obligations and credit enhancements	N.A

Portfolio Rebalancing

As per Para 3.6.7 of SEBI No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and circulars issued thereunder, in case of change in constituents of the index due to periodic review, the portfolio of the scheme will be rebalanced within 7 calendar days.

Short Term Defensive Consideration

Subject to Para 1.14.1.2 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and circulars issued thereunder, the asset allocation pattern indicated above may change for a short-term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be rebalanced within 7 calendar days from the date of deviation and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time. In the event of involuntary corporate action, the scheme shall dispose the securities not forming part of the underlying index within 7 days from the date allotment/ listing.

B. Where Will The Scheme Invest?

The amount collected under the scheme will be invested predominantly in stocks constituting the Nifty Next 50 Index TRI and / or its exchange traded derivatives and will be invested in equity and equity related instruments and debt and money market instruments. Subject to the Regulations, the amount collected under this scheme can be invested in any (but not exclusively) of the following securities/ debt instruments:

- a. This would be done by investing in almost all the stocks comprising the Nifty Next 50 Index in approximately the same weightage that they represent in the Nifty Next 50 Index and / or investing in derivatives including futures contracts and options contracts on the Nifty Next 50 Index.
- b. A small portion of the net assets will be invested in money market instruments permitted by SEBI / RBI including (CPs, CDs, Tbills, Mibor linked instruments with daily Put/Call options & overnight Interest rate Reset Linked Instruments) as may be provided by the RBI, to meet the liquidity requirements of the Scheme.
- c. The Scheme may take derivatives position based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the overall investment objective of the Scheme. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under the Regulations.
- d. Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares. Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- e. Debt obligations of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee (including but not limited to Indian Government Bond, State Development Loans issued and serviced at the Public Debt Office, Bonds issued by Central & State Government PSU's which are guaranteed by Central or State Governments)
- f. Corporate debt (of both public and private sector undertakings) including Non convertible debentures (including bonds) and non-convertible part of convertible securities.
- g. Money market instruments permitted by SEBI/RBI, having maturities of up to one year but not limited to:
 - Certificate of Deposits (CDs).
 - Commercial Paper (CPs)
 - Tri-party Repo, Bills re-discounting*, as may be permitted by SEBI from time to time.
 - Repo of corporate debt securities
- h. Securities Lending & Borrowing and short selling as permitted by SEBI from time to time
- i. Any other domestic fixed income securities as permitted by SEBI / RBI from time to time.
- j. Derivative instruments like interest rate swaps, index futures, stock futures, index options, stock option, warrants, convertible securities, write call option under the covered call strategy or any other derivative instruments that are permissible or may be permissible in future under applicable

regulations. To reduce interest rate risk in a debt portfolio, the scheme may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs) (both perfectly and imperfectly hedged)

- k. Any other instruments / securities, which in the opinion of the fund manager would suit the investment objective of the scheme subject to compliance with extant Regulations.

The securities/debt instruments mentioned above could be listed or unlisted, secured or unsecured, rated and of varying maturities and other terms of issue. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offer or negotiated deals. The Schemes may also enter into repurchase and reverse repurchase obligations in all securities held by it as per guidelines/regulations applicable to such transactions.

C. What Are The Investment Strategies?

To achieve the investment objective, the scheme will follow passive investment strategy with investments in stocks in the same proportion as in NIFTY Next 50 Index TRI. The investment strategy would revolve around reducing the tracking error to the least possible through rebalancing of the portfolio, taking into account the change in weights of stocks in the index as well as the incremental collections/redemptions from the Scheme.

A small portion of the net assets will be held as cash or will be invested in debt and money market instruments permitted by SEBI/RBI including TREPS or in alternative investment for the TREPS as may be provided by the RBI, to meet the liquidity requirements under the Scheme.

Portfolio Turnover:

Portfolio Turnover is a term used to measure the volume of trading that occurs in a Scheme's portfolio during a given time period. The scheme being a passively managed open-ended index scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Hence, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in the Index. The Scheme has no specific target relating to portfolio turnover.

D. How Will The Scheme Benchmark Its Performance?

Nifty Next 50 Index TRI

Justification for adoption of benchmark:

The performance of the Scheme is measured against Nifty Next 50 Index TRI. As the Scheme is an Index Scheme and would invest in securities constituting Nifty Next 50 Index (TRI). The said index is an appropriate benchmark for the Scheme.

E. Who Manages the Scheme?

Mr. Devender Singhal and Mr. Satish Dondapati will be the designated Fund Manager for the Scheme.

Name	Age	Qualification	Business Experience	Schemes Managed
Mr. Devender Singhal	46 years	PGDM (Finance, Insurance) Mathematics (Hon) Delhi University	Mr. Devender Singhal is managing the equity funds for Kotak AMC since Aug 2015. Pursuant to Regulation 25(16A) of the SEBI (MF) Regulations, 1996 and para 6.9.3.5 of SEBI Master circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, AMC shall not be required to invest minimum amount as a percentage of AUM in the Scheme.

Details of Investments of AMC in the Scheme will be available in the given link. – Not Applicable

Part III- OTHER DETAILS

A. Computation of Nav

The AMC shall compute NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

The AMC shall value its investments according to the valuation norms (Valuation Policy includes computation of NAV in case of investment in foreign securities), as specified in the Eighth Schedule of the Regulations, or such guidelines / recommendations as may be specified by SEBI from time to time. The broad valuation norms are detailed in the Statement of Additional Information.

NAV of Units under the Scheme will be calculated as shown below:

NAV =	Market or Fair Value of Scheme's investments	+	Current assets including Accrued Income	-	Current Liabilities and provisions including accrued expenses
	No. of Units outstanding under the Scheme/Option.				

NAV for the Schemes and the repurchase prices of the Units will be calculated and announced at the close of each Business Day. The NAV shall be computed upto three decimals. The NAV of Direct Plan will be different than the NAV of Regular Plan.

Computation of NAV will be done after taking into account IDCWs paid, if any, and the distribution tax thereon, if applicable. Therefore, once IDCWs are distributed under the IDCW Option, the NAV of the Units under the IDCW Option would always remain lower than the NAV of the Units issued under the Growth Option. The income earned and the profits realized in respect of the Units issued under the Growth Option remain invested and are reflected in the NAV of the Units.

Illustration for Computation of NAV:

NAV=	Market or Fair Value of Scheme's investments	+	Current assets including Accrued Income	-	Current Liabilities and provisions including accrued expenses	
	No. of Units outstanding under the Scheme/Option.					
10.109=	10,01,00,000.00	+	10,00,000.00	-	10,000.00	10,10,90,000.00
			1,00,00,000.00			1,00,00,000.00

As required under the Regulations, the asset management company shall ensure that the repurchase price of an open-ended scheme shall not be lower than 95% of the Net Asset Value.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. New Fund Offer (NFO) Expenses

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

The New Fund Offer expenses of the scheme were borne by the AMC.

C. Annual Scheme Recurring Expenses

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that 1% daily net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund viz. www.kotakmf.com

As per Regulation 52(6)(b) of SEBI (MF) Regulations, the total expense ratio of the scheme excluding issue or redemption expenses, whether initially borne by the mutual fund or by the asset management company, but including the investment management and advisory fee shall be subject to the following limits:-

Total Expense Ratio for the scheme

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management and Advisory Fees	Upto 1.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory Advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness (at least 2 bps)	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (b)	Upto 1.00%
Additional expenses under Regulations 52(6A)(c)	-
Additional expenses for gross new inflows from specified cities	Upto 0.30%

The AMC shall not charge additional expenses under Regulation 52(6A)(c) in case exit load is not levied/ not applicable

Expense Structure for Direct Plan – The annual recurring expenses will be within the limits specified under the SEBI (Mutual Funds) Regulations, 1996.

Commission/ Distribution expenses will not be charged in case of Direct Plan. The TER of Direct Plan will be lower than Regular Plan.

In terms of the SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018, all fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

However, Direct Plan shall have a lower expense ratio than the Regular Plan. The expenses would exclude distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan.

Additional expenses which may be charged to the Scheme

The following additional expenses may be charged to the Scheme under Regulation 52 (6A), namely-

- Brokerage and transaction cost incurred for the purpose of execution shall be charged to the schemes (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage & transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.
- Expenses not exceeding of 0.30 % of daily net assets, if the new inflows from beyond top 30 cities are at least:
 - (i) 30 % of gross new inflows in the scheme; or
 - (ii) 15 % of the average assets under management (year to date) of the scheme; whichever is higher.

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub- clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Provided further that the additional TER can be charged based on inflows only from ‘retail investors’ (Para 10.1.3 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, has defined that inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from “retail investor”) from beyond top 30 cities.

Provided that the additional commission for beyond top 30 cities shall be paid as trail only.

In case inflows from beyond top 30 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X New inflows from individual investors from beyond top 30 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable

With reference to SEBI's letter no. SEBI/HO/ IMD/ IMD-SEC-3/ P/ OW/ 2023/ 5823/ 1 dated February 24, 2023, and AMFI Circular No. CIR/ ARN-23/ 2022-23 March 07, 2023, the B-30 incentive structure for new inflows has been kept in abeyance with effect from March 01, 2023 till the incentive structure is appropriately re-instated by SEBI with necessary safeguards.

TER for the Segregated Portfolio

1. AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
2. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
3. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
4. The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Goods and Services Tax:

Goods and Services Tax on investment and advisory fees may be charged to the scheme in addition to the maximum limit of TER as prescribed in Regulation 52(6)(b). Goods and Services tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per Regulation 52.

The aforesaid estimates are made in good faith by the Investment Manager and are subject to change inter se among the various heads of expenses and between the Plans. It may also be noted that the total expenses of the Plans will also be subject to change within the overall limits of expenses under Regulation 52. Actual expenses under any head and / or the total expenses may be more or less than the estimates. The Investment Manager retains the right to charge the actual expenses to the scheme, however the expenses charged will not exceed the statutory limit prescribed by the Regulations. There will be no sub limit on management fee, and it shall be within the overall TER specified above.

Illustration of impact of expense ratio on scheme's returns:

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Annual Returns before Expenses	800	800
Expenses other than Distribution Expenses	75	75
Distribution Expenses / Commission	25	-
Returns after Expenses at the end of the Year	700	725

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme. The expenses of the Direct Plan under the Scheme will be lower to the extent of distribution expenses/ commission.

D. Load Structure

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of www.kotakmf.com or may call at 18003091490 or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Entry Load	In terms of Para 10.4.1 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, no entry load will be charged on purchase / additional purchase / switch-in.
Exit	NIL

No exit load will be chargeable in case of switches made between different plan/options of the scheme.

Units issued on reinvestment of IDCW shall not be subject to entry and exit load

In terms of Para 10.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, no entry load will be charged on purchase / additional purchase / switch-in. The commission as specified in the aforesaid circular, if any, on investment made by the investor shall be paid by the investor directly to the Distributor, based on his assessment of various factors including the service rendered by the Distributor.

Any imposition or enhancement of Load in future shall be applicable on prospective investments only. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centers. In case of changes in load structure the addendum carrying the latest applicable load structure shall be attached to all KIM and SID already in stock till it is updated.

Investors may obtain information on loads on any Business Day by calling the office of the AMC or any of the Investor Service Centers. Information on applicability of loads will also be provided in the Account Statement.

As required under the Regulations, the asset management company shall ensure that the repurchase price of an open-ended scheme is not lower than 95% of the Net Asset Value.

The investor is requested to check the prevailing load structure of the scheme before investing.

Section II

I.INTRODUCTION

A. Definitions/Interpretation

The details detailed definitions/ interpretations refer to the link on website of the mutual fund <https://www.kotakmf.com/Information/statutory-disclosure/disclosuresrelatedtosidandkim>

B. Risk Factors

Scheme Specific Risk Factors

Kotak NIFTY next 50 Index Fund is passively a managed Index Scheme i.e. the amount collected under the scheme is invested in securities of companies comprising the underlying index in the same weightages as they have in the underlying index. The composition of the underlying index is subject to changes that may be affected periodically by the Index Service Provider. Performance of the underlying index will have a direct bearing on the performance of the scheme. The extent of the Tracking error may have an impact on the performance of the scheme

1. Risks associated with Capital Markets or Equity Markets, (i.e. Markets in which Equity Shares or Equity oriented instruments are issued and traded)

- **Price fluctuations and Volatility:**

Mutual Funds, like securities investments, are subject to market and other risks and there can be neither a guarantee against loss resulting from an investment in the Scheme nor any assurance that the objective of the Scheme will be achieved. The NAV of the Units issued under the Scheme can go up or down because of various factors that affect the capital market in general, such as, but not limited to, changes in interest rates, government policy and volatility in the capital markets. Pressure on the exchange rate of the Rupee may also affect security prices.

- **Concentration / Sector Risk:**

When a Mutual Fund Scheme, by mandate, restricts its investments only to a particular sector; there arises a risk called concentration risk. If the sector, for any reason, fails to perform, the portfolio value will plummet and the Investment Manager will not be able to diversify the investment in any other sector. Investments under this scheme will be predominantly in equity or equity related stocks spanning across the selected theme. Hence the concentration risks could be high.

- **Liquidity Risks:**

Liquidity in Equity investments may be affected by trading volumes, settlement periods and transfer procedures. These factors may also affect the Scheme's ability to make intended purchases/sales, cause potential losses to the Scheme and result in the Scheme missing certain investment opportunities. These factors can also affect the time taken by KMMF for redemption of Units, which could be significant in the event of receipt of a very large number of redemption requests or very large value redemption requests. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described in the Statement of Additional Information.

2. Risks associated with Debt / Money Markets (i.e. Markets in which Interest bearing Securities or Discounted Instruments are traded)

a) Credit Risk:

Securities carry a Credit risk of repayment of principal or interest by the borrower. This risk depends on micro-economic factors such as financial soundness and ability of the borrower as also macro-economic factors such as Industry performance, Competition from Imports, Competitiveness of Exports, Input costs, Trade barriers, Favourability of Foreign Currency conversion rates, etc.

Credit risks of most issuers of Debt securities are rated by Independent and professionally run rating agencies. Ratings of Credit issued by these agencies typically range from "AAA" (read as "Triple A" denoting "Highest Safety") to "D" (denoting "Default"), with about 6 distinct ratings between the two extremes.

The highest credit rating (i.e. lowest credit risk) commands a low yield for the borrower. Conversely, the lowest credit rated borrower can raise funds at a relatively higher cost. On account of a higher credit risk for lower rated borrowers lenders prefer higher rated instruments further justifying the lower yields.

b) Price-Risk or Interest-Rate Risk:

From the perspective of coupon rates, Debt securities can be classified in two categories, i.e., Fixed Income bearing Securities and Floating Rate Securities. In Fixed Income Bearing Securities, the Coupon rate is determined at the time of investment and paid/received at the predetermined frequency. In the Floating Rate Securities, on the other hand, the coupon rate changes - 'floats' - with the underlying benchmark rate, e.g., MIBOR, 1 yr. Treasury Bill.

Fixed Income Securities (such as Government Securities, bonds, debentures and money market instruments) where a fixed return is offered, run price-risk. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, the payment-frequency of such coupon, days to maturity and the increase or decrease in the level of interest rates. The prices of Government Securities (existing and new) will be influenced only by movement in interest rates in the financial system. Whereas, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced not only by the change in interest rates but also by credit rating of the security and liquidity thereof. However, debt securities in the scheme are intended to be held till maturity. For such securities held till maturity, there will not be any interest rate risk at the end of the tenure.

Floating rate securities issued by a government (coupon linked to treasury bill benchmark or a real return inflation linked bond) have the least sensitivity to interest rate movements, as compared to other securities. The Government of India has already issued a few such securities and the Investment Manager believes that such securities may become available in future as well. These securities can play an important role in minimizing interest rate risk on a portfolio.

c) Risk of Rating Migration:

The following table illustrates the impact of change of rating (credit worthiness) on the price of a hypothetical AA rated security with a maturity period of 3 years, a coupon of 10.00% p.a. and a market value of Rs. 100. If it is downgraded to A category, which commands a market yield of, say, 11.00% p.a., its market value would drop to Rs. 97.53 (i.e. 2.47%). If the security is up-graded to AAA category which commands a market yield of, say, 9.00% p.a. its market value would increase to Rs102.51 (i.e. by 2.51%). The figures shown in the table are only indicative and are intended to demonstrate how the price of a security can be affected by change in credit rating.

Rating	Yield (% p.a.)	Market Value (Rs.)
AA	10.00	100.00
If upgraded to AAA	9.00	102.51
If downgraded to A	11.00	97.53

d) Basis Risk:

During the life of floating rate security or a swap the underlying benchmark index may become less active and may not capture the actual movement in the interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio. Where swaps are used to hedge an underlying fixed income security, basis risk could arise when the fixed income yield curve moves differently from that of the swap benchmark curve.

e) Spread Risk:

In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However depending upon the market conditions the spreads may move adversely or favourably leading to fluctuation in NAV.

f) Reinvestment Risk:

Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently the proceeds may get invested at a lower rate.

g) Liquidity Risk:

The corporate debt market is relatively illiquid vis-a-vis the government securities market. There could therefore be difficulties in exiting from corporate bonds in times of uncertainties. Liquidity in a scheme therefore may suffer. Even though the Government Securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described in the Statement of Additional Information (SAI).

3. Risk Associated with Investment in Derivatives Market

As and when the Scheme trades in derivative market, there are risk factors and issues concerning the use of derivatives that the investors should understand. Derivative products are specialized instrument that require investment technique and risk analysis different from those associated with stocks. The use

of derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivative requires the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price. There is a possibility that loss may be sustained by the portfolio as a result of the failure of another party (usually referred as the —Counter party!) to comply with the terms of the derivative contract. Other risks in using derivative include the risk of mispricing or improper valuation of derivative and the inability of derivative to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. The risk of loss associated with futures contracts is potentially unlimited due to the low margin deposits required and the extremely high degree of leverage involved in futures pricing. As a result, a relatively small price movement in a futures contract may result in an immediate and substantial loss or gain. There may be a cost attached to selling or buying futures or other derivative instrument. Further there could be an element of settlement risk, which could be different from the risk in settling underlying securities. The possible lack of a liquid secondary market for a futures contract or listed option may result in inability to close futures or listed option positions prior to their maturity date.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investment.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. There are certain risks inherent in derivatives. These are:

- a) **Basis Risk** – This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g. mismatch between the maturity date of the futures and the actual selling date of the asset.
- b) **Limitations on upside:** Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.
- c) **Liquidity risk** pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.
- d) In case of investments in index futures, the risk would be the same as in the case of investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks. In case futures are used for hedging a portfolio of stocks, which is different from the index stocks, the extent of loss could be more or less depending on the coefficient of variation of such portfolio with respect to the index; such coefficient is known as Beta.
- e) The risk related to hedging for use of derivatives, (apart from the derivatives risk mentioned above) is that event of risk, which we were anticipating and hedged our position to mitigate it, does not happen. In such case, the cost incurred in hedging the position would be a avoidable charge to the scheme net assets.

- f) **Credit Risk** – The credit risk in derivative transaction is the risk that the counter party will default on its obligations and is generally low, as there is no exchange of principal amounts in a IRS / IRF derivative transaction. With the implementation of physical settlement of stocks in equity derivative segment, though there is an element of risk of stock / funds not being received, the same is mitigated due to settlement guarantee similar to equity cash market segment.
- g) **Interest Rate Risk** – interest rate is one of the variables while valuing derivatives such as futures & options. For example, with everything remaining constant, when interest rates increase, the price of Call option would increase. Thus, fluctuations in interest rates would result in volatility in the valuation of derivatives.
- h) **Model Risk** - A variety of models can be used to value options. Hence, the risk to the fund is that the fund manager buys a particular option using a particular valuation model (on the basis of which the option seems to be fairly priced or cheap) but the market is valuing it using another valuation model and according to which the option may be expensive.
- i) The risk (loss) for an option buyer is limited to the premium paid, while the risk (loss) of an option writer is unlimited, the latter's gain being limited to the premiums earned. However, in the case of the Fund, all option positions will have underlying assets and therefore all losses due to price-movement beyond the strike price will actually be an opportunity loss. The writer of a put option bears a risk of loss if the value of the underlying asset declines below the strike price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the strike price.

4. Risk factors associated with Imperfect Hedging using IRFs:

- Holders of Debt securities are exposed to the risk of rising interest rates, which in turn results in the reduction in the value of their portfolio. So in order to protect against a fall in the value of their portfolio due to falling bond prices, they can take short position in IRF contracts. However, there is a possibility that the hedge may be an imperfect
- Potential loss associated with imperfect hedge using IRFs – While using such strategy may reduce interest rate risk caused by rise in interest rates, it also restricts the profit in case interest rates decline.
- The risk related to hedging for use of derivatives, (apart from the derivatives risk mentioned above) is that event of risk, which we were anticipating and hedged our position to mitigate it, does not happen. In such case, the cost incurred in hedging the position would be a avoidable charge to the scheme net assets.
- Limitations on upside: Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.
- **Credit Risk** – The credit risk in derivative transaction is the risk that the counter party will default on its obligations and is generally low, as there is no exchange of principal amounts in a IRS / IRF derivative transaction.
- Liquidity risk pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.
- Movement in the prices of securities in the portfolio and the IRF contract used to hedge part of the portfolio may lead to basis risk due to imperfect correlation. Thus, the loss on the portfolio may be different from the gain of the hedged position entered using the IRF.

Example:

17/09/2023

Spot price of G sec 7.26 G sec 2033: Rs. 100.19

Futures price of IRF Contract G sec 7.26 G sec 2033: Rs.100.29

On 17/09/2023 XYZ bought 2000 GOI securities from spot market at Rs100.19. He anticipates that the interest rate will rise in near future. Therefore, to hedge the exposure in underlying market he may sell IRF for 7.26 G sec 2033 maturing on 27 Sep 2023 traded Interest Rate Futures contracts at Rs.100.29

On 27/09/2022 the maturity price of the contract and underlying will be same thereby realising the 10p arbitrage gain

Spot price of GOI Security: Rs. 100.19

Futures Price of IRF Contract: Rs. 100.29

Profit /Loss in underlying market will be $(100.19-100.19)*2000 = \text{Rs.}00$

Loss in the Futures market will be $(100.29-100.19)*2000 = \text{Rs. } 20000$

Therefore the fund will earn a total holding period return of $7.23\% + (0.10/10*365) = 7.23+3.65=10.88$

Not necessary the future is trading above cash for arbitrage to happen.

5. Risk associated with Securities Lending:

In the case of securities lending the additional risk is that there can be temporary illiquidity of the securities that are lent out and the Fund may not be able to sell such lent-out securities, resulting in an opportunity loss. In case of a default by counterparty, the loss to the Fund can be equivalent to the securities lent.

6. Risks associated with Short Selling:

Short-selling is the sale of shares or securities that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock/security he shorted and returns the stock/security to the lender to close out the loan. The security being short sold might be illiquid or become illiquid and covering of the security might occur at a much higher price level than anticipated, leading to losses. Purchasing a security entails the risk of the security price going down. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

7. Additional Risk Factors for Foreign Portfolio Investors:

1. Political Risk: Investments in mutual fund Units in India may be materially adversely impacted by Indian politics and changes in the political scenario in India either at the central, state or local level. Actions of the central government or respective state governments in the future could have a significant effect on the Indian economy, which could affect companies, general business and market conditions, prices and yields of securities in which the Scheme invest.

The occurrence of selective unrest or external tensions could adversely affect the political and economic stability of India and consequently have an impact on the securities in which the Scheme invests. Delays or changes in the development of conducive policy frameworks could also have an impact on the securities in which the Scheme invests.

2. Economic Risk: A slowdown in economic growth or macro-economic imbalances such as the increase in central and state level fiscal deficits may adversely affect investments in the country. The underlying growth in the economy is expected to have a direct impact on the volume of new investments in the country.

3. Foreign Currency Risk: The Scheme is denominated in Indian Rupees (INR) which is different from the home currency for Foreign Portfolio Investors in the mutual fund Units. The INR value of investments when translated into home currency by Foreign Portfolio Investors could be lower because of the currency movements. The AMC does not manage currency risk for Foreign Portfolio Investors and it is the sole responsibility of the Foreign Portfolio Investors to manage or reduce currency risk on their own. The Sponsor/Fund/Trustees/ AMC are not liable for any loss to Foreign Investors arising from such changes in exchange rates.

4. Convertibility and Transferability Risk: In the event capital and exchange controls are imposed by the government authorities, it would prevent Foreign Portfolio Investors' ability to convert INR into home currency and/or transfer funds outside India. The convertibility and transferability of INR proceeds into home currency is the responsibility of the Foreign Portfolio Investors.

8. Risk envisaged and mitigation measures for repo transactions:

Credit risks could arise if the counterparty does not return the security as contracted or interest received by the counter party on due date. This risk is largely mitigated, as the choice of counterparties is largely restricted and their credit rating is taken into account before entering into such transactions. Also operational risks are lower as such trades are settled on a DVP basis.

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to us. Thus the scheme may in remote cases suffer losses. This risk is normally mitigated by better cash flow planning to take care of such repayments.

The above risks will not arise for repo transactions where settlement is guaranteed by a Clearing Corporation.

9. Risks associated with segregated portfolio

- Investor holding units of segregated portfolio may not be able to liquidate their holding till the time realisable value is recovered.
- Security comprising of segregated portfolio may realise lower value or may realise zero value.
- Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.
- Ascertaining fair value of segregated securities may be difficult in the absence of an active securities market

10. Risks associated with Tracking errors:

Tracking error means the extent to which the NAV of the fund moves in a manner inconsistent with the movements of the benchmark index on any given day or over any given period of time due to any cause or reason whatsoever including but not limited to expenditure incurred by the scheme, IDCW payouts if any, whole cash not invested at all times as it may keep a portion of funds in cash to meet redemption etc. The tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the Scheme based on past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control

of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. However, the Fund will endeavor to limit the tracking error within 2% limits. Tracking difference is the difference of return between the scheme and benchmark annualized over 1 year, 3 year, 5 years, 10 years and since inception period.

Tracking error/ difference could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of stocks within the benchmark due to
 - Illiquidity in the stocks, circuit filters on the stocks
 - Delay in realisation of sale proceeds
- The scheme may buy or sell the stocks comprising the index at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- Index providers may either exclude or include new scrips in their periodic review of the stocks that constitute the underlying index. In such situations the scheme will endeavour to rebalance the portfolio in line with the index. But may not be able to mirror the index immediately due to the available investment/reinvestment opportunity.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, payouts of IDCW etc.
- Execution of large buy / sell orders
- Delay in credit of securities
- Transaction cost and recurring expenses
- Delay in realization of Unit holders' funds
- Levy of margins by exchanges

SEBI / other Regulatory restrictions on investments and/ or divestments by the scheme / Mutual Fund, which are outside the control of AMC, which may further cause / impact the tracking error.

11. Risks associated with Covered Call Strategy:

- The risk associated with a covered call is the loss of upside, i.e. If the underlying price rises above the strike, the short call loses its value as much as the underlying stock gains
- The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This means to set aside a portion of investment in underlying equity shares. In case of change in view, the scheme may not be able to sell the underlying equity shares immediately. If covered call options are sold to the maximum extent allowed by regulatory authority.
- The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

12. Risk associated with investment in Government securities and Tri-Party Repo:

- The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by

CCIL; thus reducing the settlement and counter party risks considerably for transactions in the said segments.

- The members are required to contribute towards margin obligation (Initial / Mark to Market etc.) as per bye-laws of CCIL as also an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in discharging their obligation. As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members as determined by CCIL.
- Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).
- CCIL maintains two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Tri-party Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/ default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Risk factor associated with investment in Units of Mutual Funds:

Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors which impact the value of the Schemes investments include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes, suspension of subscription/redemptions of the scheme, change in fundamental attribute etc. The Scheme may invest in schemes of Mutual Funds. Hence, scheme specific risk factors of each such mutual fund schemes will be applicable to the Scheme portfolio

All the above factors may not only affect the prices of securities but also the time taken by the Fund for redemption of Units, which could be significant in the event of receipt of a very large number of redemption requests or very large value redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee, under certain circumstances as described elsewhere in the SAI.

C. Risk Mitigation Strategies

Type of Risks	Measures/ Strategies to control risks
Equity Markets/ Equity Oriented Instruments	Investment strategy The scheme will comply with the prescribed SEBI limits on exposure. Risk is monitored and necessary action would be taken on the portfolio, if required. Attribution analysis is done to monitor the under or over performance vis-a-vis the benchmark and the reasons for the same. Portfolio volatility & concentration The overall volatility of the portfolio would be maintained in line with the objective

	of the scheme Volatility would be monitored with respect to the benchmark and peer set. Liquidity The scheme predominantly invests across market capitalisation which are actively traded and thereby liquid. The fund manager may also keep some portion of the portfolio in debt and money market instruments and/or cash within the specified asset allocation framework for the purpose of meeting redemptions. The liquidity would be monitored and necessary action would be taken on the portfolio if required. Stock turnover is monitored at regular intervals. The debt/money market instruments that are invested by the Scheme will have a short term duration.
Debt and Money Market instruments	• Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. • Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in short term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities. • Risk of Rating Migration: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of rating migration generally associated with long-term securities • Basis Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. • Spread Risk: The Scheme may primarily invest the debt portion of the portfolio in short-term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the risk of spread expansion which is generally associated with long-term securities • Reinvestment Risk: The debt allocation of scheme is primarily as a cash management strategy and such strategy returns are expected to reflect the very short term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a very small portion of the overall portfolio value. • Liquidity Risk: The Scheme may, however, endeavor to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term debt & money market instruments, units of Liquid and Overnight schemes.
Derivatives	The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Equity Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. Derivatives can be either exchange traded or can be over the counter (OTC). Exchange traded derivatives are listed and traded on stock exchanges whereas OTC derivative

	transactions are generally structured between two counterparties. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.
Securities Lending	The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nation-wide terminals who are registered as Approved Intermediaries (AIs).” The risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. The fund manager will endeavor to recall the securities in case lent securities are to be sold.
Currency	The scheme subject to applicable regulations shall have the option to enter into forward contracts for the purposes of hedging against the foreign exchange fluctuations. The Schemes may employ various measures (as permitted by SEBI/RBI) including but not restricted to currency hedging (such as currency options and forward currency exchange contracts, currency futures, written call options and purchased put options on currencies and currency swaps), to manage foreign exchange movements arising out of investment in foreign securities. All currency derivatives trade, if any will be done only through the stock exchange platform.
Securitized Debt	In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained
Segregated Portfolio	In such an eventuality it will be AMC’s endeavor to realise the segregated holding in the best interest of the investor at the earliest.
Units of mutual fund schemes	Mutual Fund portfolios are generally well diversified and typically endeavor to provide liquidity on a T+1/T+2 basis and aim to mitigate any risks arising out of underlying investments. Commodity ETF’s are quite liquid as they can either be created / redeemed with the fund house or traded on the exchange.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

The measures mention above is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. INFORMATION ABOUT THE SCHEME:

A. Where Will The Scheme Invest

Securities/ Instruments	Definitions
Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares;	Equity shares is a security that represents ownership interest in a company. Equity related instruments include convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by the Board from time to time. Derivative is a financial instrument whose value is based upon the value of an underlying equity shares or indices. The equity derivatives may be in the following form: Futures - Futures Contract means a legally binding agreement to buy or sell the underlying security / indices on a future date at an agreed price. Options - Options Contract is a type of Derivatives Contract which gives the buyer/holder of the contract the right (but not the obligation) to buy/sell the underlying asset at a predetermined price within or at end of a specified period. The buyer / holder of the option purchases the right from the seller/writer for a consideration which is called the premium. The seller/writer of an option is obligated to settle the option as per the terms of the contract when the buyer/holder exercises his right. The underlying asset could include securities, an index of prices of securities etc.
Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)	Government Security (G-Sec) is a tradeable instrument issued by the Central Government or the State Governments. It acknowledges the Government's debt obligation. They are generally long term with maturity of one year or more. In India, the Central Government issues both, treasury bills and bonds or dated securities while the State Governments issue only bonds or dated securities, which are called the State Development Loans (SDLs). G-Secs carry practically no risk of default and, hence, are called risk-free gilt-edged instruments. Repos / Reverse Repos enables collateralized short term borrowing and lending through sale/purchase operations in the such government securities.
Debt obligations of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee (including but not limited to Indian Government Bond, State Development Loans issued and serviced at the Public Debt Office, Bonds issued by Central & State Government PSU's which are guaranteed by Central	These are instruments are issued by various government agencies and bodies (including but not limited to Indian Government Bond, State Development Loans issued and serviced at the Public Debt Office, Bonds issued by Central & State Government PSU's which are guaranteed by Central or State Governments. They can be issued at discount, par or premium.

or State Governments);	
Corporate debt (of both public and private sector undertakings) including Nonconvertible debentures (including bonds) and non-convertible part of convertible securities;	These are financial instruments issued by companies (both public and private) to raise long-term funds through public issues. They are generally rated by credit rating agencies.
Money market instruments permitted by SEBI/RBI, having maturities of up to one year but not limited to: • Certificate of Deposits (CDs). • Commercial Paper (CPs) • Tri-party Repo, Bills re-discounting, as may be permitted by SEBI from time to time. • Repo of corporate debt securities	• "Certificate of Deposit" or "CD" is issued by Scheduled Commercial Banks (SCBs) and All-India Financial Institutions. There is a term period of 7 days to 1 year for CDs that are issued by SCBs, whereas the term period ranges from 1 year to 3 years for CDs issued by financial institutions. CDs are usually issued at a discounted rate and redeemed at par. • "Commercial Paper" or "CP" is a short-term instrument issued by corporates and financial institutions CPs are usually issued at a discounted rate and redeemed at par. The tenor of CP ranges from 7 days to 1 year. • Treasury bills or T-bills, which are money market instruments, are short term debt instruments issued by the Government of India and are presently issued in three tenors, namely, 91 day, 182 day and 364 day. Treasury bills are zero coupon securities and pay no interest. Instead, they are issued at a discount and redeemed at the face value at maturity. • Triparty Repo (TREPS) is a type of repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction. • Repos / Reverse Repos enables collateralized short term borrowing and lending through sale/purchase operations in debt instruments (including corporate bonds). • Bills Re-discounting is an instrument where a financial institution discounts the bills of exchange that it has discounted previously with another financial institution.
Securities Lending & Borrowing as permitted by SEBI from time to time	Securities Lending and Borrowing is a process through which shares or stocks are lent or borrowed from other investors or financial firms at a specified time and price.
Fixed Income Derivatives	Interest Rate Swaps are forward contracts in which one stream of future interest payments is exchanged for another based on a specified principal amount. Interest rate swaps usually involve the exchange of a fixed interest rate for a floating rate, or vice versa, to reduce or increase exposure to fluctuations in interest rates.

	Interest Rate Futures involve futures contracts with underlying assets that provide interest, such as government bonds or Treasury Bills. These futures are traded on stock exchanges featuring standardised contracts based on government securities.
--	--

B. What Are The Investment Restrictions?

As per the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Scheme at the time of making investments.

1. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
2. The Mutual Fund under all its Scheme(s) shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B.

3. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company:

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and collateralized borrowing and lending obligations (Tri-party Repo):

4. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments. It is further clarified that the investment limits are applicable to all debt securities, which are issued by public bodies/institutions such as electricity boards, municipal corporations, state transport corporations etc. guaranteed by either state or central government. Government securities issued by central/state government or on its behalf by the RBI are exempt from the above investment limits.
5. The Scheme may invest in another scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same AMC or in schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund.
6. The Scheme shall not make any investments in:
 - (a) any unlisted security of an associate or group company of the Sponsors; or
 - (b) any security issued by way of private placement by an associate or group company of the Sponsors; or
 - (c) The listed securities of group companies of the Sponsors which is in excess of 25% of the net assets except for investments by equity-oriented ETFs and index funds based on widely tracked and non-bespoke indices, wherein the investments shall be made upto the weightage of the constituents of the underlying index, subject to overall cap of 35% of the net assets of the scheme in the group companies of the sponsor, in accordance with the SEBI circular no. SEBI/HO/IMD/IMD-PoD 2/P/CIR/2024/098 dated July 8, 2024

7. The Scheme shall not invest in any Fund of Funds Scheme.
8. Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if:-
 - (a) such transfers are made at the prevailing market price for quoted Securities on spot basis (spot basis shall have the same meaning as specified by Stock Exchange for spot transactions.)
 - (b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
9. The mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:
 - Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board:
 - Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.
 - Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
10. No loans for any purpose may be advanced by the Mutual Fund and the Mutual Fund shall not borrow except to meet temporary liquidity needs of the Schemes for the purpose of payment of interest or dividends to Unit Holders, provided that the Mutual Fund shall not borrow more than 20% of the net assets of each of the Schemes and the duration of such borrowing shall not exceed a period of six months.
11. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.
12. The mutual fund shall get the securities purchased / transferred in the name of the fund on account of the concerned scheme, where investments are intended to be of long term nature.
13. Pending deployment of funds of a scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of schedule commercial banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007, to be read with SEBI circular dated September 20, 2019, as may be amended from time to time. The AMC shall not charge investment management and advisory fees for parking of funds in such short term deposits of scheduled commercial banks.
14. Investments in Derivatives shall be in accordance with the guidelines as stated under SEBI circular no DNPd/Cir-29/2005 dated September 14, 2005, DNPd/Cir-30/2006 dated January 20, 2006 and SEBI/DNPd/Cir-31/2006 dated September 22, 2006, Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010, SEBI/HO/IMD/DF2/CIR/P/2017/109 dated September 27, 2017 and SEBI/HO/IMD/DF2/CIR/P/2019/17 dated January 16, 2019 as may be amended from time to time.
15. In accordance with the guidelines as stated under SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2019/104 dated October 01, 2019, investments in following instruments as specified in the said circular, as may be amended from time to time, shall be applicable:
 - i. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed.

- ii. Further, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the conditions as specified in the said circular:
 - a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure of mutual fund schemes in such instruments shall not exceed 5% of the net assets of the schemes.
 - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
- 16. The scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instrument and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.
- 17. However, the scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.
- 18. As per SEBI Circular no. SEBI/HO/IMD/DF3/CIR/P/2019/011 dated January 10, 2019, in order to address the risk related to portfolio concentration in the Scheme, the underlying index for this scheme shall comply with the following :
 - a. The index shall have a minimum of 10 stocks as its constituents.
 - b. For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
 - c. The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
 - d. The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

Accordingly, the underlying Index shall ensure that such index complies with the aforesaid norms.

Further, on a quarterly basis indices will be screened by NSE, for compliance with the portfolio concentration norms for ETFs/ Index Funds announced by SEBI on January 10, 2019. In case of non-compliance, suitable corrective measures will be taken to ensure compliance with the norms.

The AMC may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations.

All investment restrictions shall be applicable at the time of making investment.

Apart from the above investment restrictions, the Fund follows certain internal norms vis-à-vis limiting exposure to scrips, sectors etc, within the above mentioned restrictions, and these are subject to review from time to time

Modifications, if any, in the Investment Restrictions on account of amendments to the Regulations shall supercede/override the provisions of the Trust Deed.

Participation of scheme of Kotak Mahindra Mutual Fund in repo of corporate debt securities:

In accordance with Para 12.18 of SEBI No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, SEBI circular No. SEBI/HO/IMD/IMD PoD-2/P/CIR/2023/85 dated June 08, 2023 and SEBI circular No. SEBI/HO/IMD/IMD PoD-2/P/CIR/2023/87 dated June 13, 2023 and any other circulars issued by SEBI/ RBI from time to time, the Scheme shall participate in repo transactions on corporate debt securities including Commercial Papers (CPs) and Certificate of Deposits (CDs) in accordance with directions issued by RBI and SEBI from time to time. Currently the applicable guidelines are as under:

- The gross exposure of any mutual fund scheme to repo transactions in corporate debt securities including Commercial Papers (CPs) and Certificate of Deposits (CDs) shall not be more than 10 % of the net assets of the concerned scheme.
- The cumulative gross exposure through repo transactions in corporate debt securities including Commercial Papers (CPs) and Certificate of Deposits (CDs) along with equity, debt and derivatives, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time shall not exceed 100% of the net assets of the concerned scheme.
- Mutual funds shall participate in repo transactions on following Corporate Debt securities;
 - listed AA and above rated corporate debt securities and
 - Commercial Papers(CPs) and Certificate of Deposits(CDs).
- In terms of Regulation 44 (2) mutual funds shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.
- Mutual funds shall ensure compliance with the Seventh Schedule of the Mutual Funds Regulations about restrictions on investments, wherever applicable, with respect to repo transactions in corporate debt securities including Commercial Papers(CPs) and Certificate of Deposits(CDs). However, for transactions where settlement is guaranteed by a Clearing Corporation, the exposure shall not be considered for the purpose of determination of investment limits for single issuer, group issuer and sector level limits.

The parameters for investment in repos of corporate debt securities as approved by the Board of AMC and Trustee Company are as under:

i) Category of counterparty to be considered for making investment:

All entities (including clearing corporations) eligible for transacting in corporate bond repos as defined by SEBI and RBI shall be considered for repo transactions.

(ii) Credit rating of counterparty to be considered for making investment

The schemes shall participate in corporate bond repo transactions with counterparties having a minimum investment grade rating and is approved by the Investment Committee on a case-to-case basis. In case there is no rating available, the Investment Committee will decide the rating of the counterparty, and report the same to the Board from time to time.

The requirement for credit rating of the counterparty will not be applicable for transactions where settlement is guaranteed by a Clearing Corporation,

(iii) Tenor of Repo and collateral

As a repo seller, the schemes will borrow cash for a period not exceeding 6 months or as per extant regulations. As a repo buyer, the Schemes are allowed to undertake the transactions for maximum maturity upto one year or such other terms as may be approved by the Investment Committee. There shall be no restriction / limitation on the tenor of collateral.

(iv) Applicable haircuts

RBI in its circular dated July 24, 2018 has prescribed the haircut to be applied for repo transactions as follows:

Haircut/margins will be decided either by the clearing house or may be bilaterally agreed upon, in terms of the documentation governing repo transactions, subject to the following stipulations:

- i. Listed corporate bonds and debentures shall carry a minimum haircut of 2% of market value.
- ii. CPs and CDs shall carry a minimum haircut of 1.5% of market value.
- iii. Securities issued by a local authority shall carry a minimum haircut of 2% of market value.

However, the fund manager may ask for a higher haircut (while lending) or give a higher haircut (while borrowing) depending on the prevailing liquidity situation in the market.

Risk envisaged and mitigation measures for repo transactions:

Credit risks could arise if the counterparty does not return the security as contracted or interest received by the counter party on due date. This risk is largely mitigated, as the choice of counterparties is largely restricted and their credit rating is taken into account before entering into such transactions. Also operational risks are lower as such trades are settled on a DVP basis.

In the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter party may dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to us. Thus the scheme may in remote cases suffer losses. This risk is normally mitigated by better cash flow planning to take care of such repayments.

The above risks will not arise for repo transactions where settlement is guaranteed by a Clearing Corporation No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024

Limits for investment in derivatives instruments

In accordance with Para 7.5 and 12.25 of SEBI No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the following conditions shall apply to the Scheme's participation in the derivatives market. The investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time.

- i. Position limit for the Mutual Fund in equity index options contracts
 - a. The Mutual Fund position limit in all equity index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in equity index option contracts, whichever is higher,
 - b. This limit would be applicable on open positions in all options contracts on a particular underlying index.
- ii. Position limit for the Mutual Fund in equity index futures/stock futures contracts:

The Mutual Fund position limit in all equity index futures/stock futures contracts on a particular underlying index shall be Rs. 500 crore; or

15% of the total open interest in the market in equity index futures/stock futures contracts, whichever is higher,

This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging.

In addition to the position limits at point (i) and (ii) above, Mutual Fund may take exposure in equity index derivatives subject to the following limits:

Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.

Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for the Mutual Fund for stock based derivative contracts

The combined futures and options position limit shall be 20% of applicable MWPL

v. Position limit for the Scheme

The position limits for the Scheme and disclosure requirements are as follows–

For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of the Mutual Fund shall not exceed the higher of: 1% of the free float market capitalisation (in terms of number of shares).

Or

5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

For index based contracts, the Mutual Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Exposure Limits:

As per Para 12.25 of SEBI No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 on “Review of norms for investment and disclosure by Mutual Funds in derivatives”, the limits for exposure towards derivatives are as under:

1. The cumulative gross exposure through equity, debt, derivative positions (including fixed income derivatives), repo transactions in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme.
2. Mutual Funds shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
4. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following :-
 - a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
 - c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
6. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.
7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.
8. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size *
Short Future	Number of Contracts
Option bought	Futures Price * Lot Size *

C. Fundamental Attributes

Following are the fundamental attributes of the schemes, in terms of Regulation 18 (15A) of SEBI (MF) Regulations:

- (i) Type of the scheme: As mentioned under the heading “Type of the Scheme” of Part I – Sr. No. III
- (ii) Investment Objective: As mentioned under the heading “Investment Objective” of Part I – Sr. No. V
- (iii) Investment Pattern: As mentioned under the heading “How will the scheme allocate its assets” of Part II - A
- (iv) Terms of Issue:
 - Liquidity provisions such as listing, repurchase, redemption. Investors may refer Part I and Section II under ‘Other Scheme Specific Disclosures’ for detailed information on listing, repurchase and redemption.
 - Aggregate fees and expenses charged to the scheme. Investors may refer Part III ‘Other Details’.
 - Any safety net or guarantee provided – Not Applicable

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the trustees shall ensure that no change in the fundamental attributes of any scheme, the fees and expenses payable or any other change which would modify the scheme and affect the interest of the unit holders is carried out by the asset management company, unless it complies with sub-regulation (26) of regulation 25 of these regulations.

In accordance with Regulation 25(26) of the SEBI (MF) Regulations, the asset management company shall ensure that no change in the fundamental attributes of any scheme or the trust, fees and expenses payable or any other change which would modify the scheme and affect the interest of unit holders, shall be carried out unless,

- SEBI has reviewed and provided its comments on the proposal.
- A written communication about the proposed change is sent to each unit holder and an advertisement is issued in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the mutual fund is situated; and
- The Unitholders are given an option for a period of 30 calendar days to exit at the prevailing Net Asset Value without any exit load

D. Index Methodology

About NIFTY Next 50 Index

The Nifty Next 50 Index represents 50 companies from Nifty 100 after excluding the Nifty 50 companies. Nifty Next 50 is computed using free float market capitalization method wherein the level of the index reflects total free float market value of all the stocks in the index relative to a particular base market capitalization value. Nifty Next 50 Index can be used for a variety of purposes such as benchmarking fund portfolios, launching of index funds, ETFs and structured products.

Index Re-Balancing:

Index is re-balanced on semi-annual basis. The cut-off date is January 31 and July 31 of each year, i.e. For semi-annual review of indices, average data for six months ending the cut-off date is considered. Four weeks prior notice is given to market from the date of change.

Index Eligibility Criteria:

Represents 50 companies from Nifty 100 after excluding the constituents of Nifty 50.

Constituent Weighting:

Cumulative weight of index constituents that are not available for trading in F&O segment (Non F&O stocks) is capped at 10% on a quarterly rebalance dates.

Weightage of non-F&O stocks in the index are individually capped at 4.5% on quarterly rebalance dates.

Index Service Provider

NSE Indices Limited (formerly known as India Index Services & Products Ltd. - IISL), a subsidiary of NSE, provides a variety of indices and index related services for the capital markets. The company focuses on the index as a core product. The company owns and manages a portfolio of indices under the Nifty brand of NSE, including the flagship index, the Nifty 50. Nifty equity indices comprise of broad-based benchmark indices, sectoral indices, strategy indices, thematic indices and customized indices. NSE Indices Limited also

maintains fixed income indices based on Government of India securities, corporate bonds, money market instruments and hybrid indices. Many investment products based on Nifty indices have been developed within India and abroad. These include index-based derivatives traded on NSE and NSE International Exchange IFSC Limited (NSE IX) and a number of index funds and exchange traded funds. The flagship 'Nifty 50' index is widely tracked and traded as the benchmark for Indian Capital Markets. For more information, please visit: www.niftyindices.com

E. Other Scheme Specific Disclosures:

Listing and transfer of units	Listing: The Scheme is open-ended in nature. It is not necessary to list the units of the scheme on any exchange. Liquidity is ensured to investors by the purchase and sale of Units from/to the Fund at prices related to the relevant Applicable NAV for the purpose of purchasing or redeeming Units from the Fund. The Trustee, however, has the right to list the Units under the Scheme on any stock exchange/s for better distribution and additional convenience to existing/prospective Unitholders. Even if the Units are listed, the Fund shall continue to offer purchase and redemption facility as specified in this scheme information document. Any listing will come only as an additional facility to investors who wish to use the services of a stock exchange for the purpose of transacting business in the Units of the Scheme. Transfer of Units: The Asset Management Company shall, on production of instrument of transfer together with relevant documents, register the transfer within 30 days from the date of such production. The Units of the Scheme will be fully and freely transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time and as stated in Para 14.4.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024. Also, when a person becomes a holder of the units by operation of law or upon enforcement of pledge, then the AMC shall, subject to production/submission of such satisfactory evidence, which in its opinion is sufficient, effect the transfer, if the intended transferee is otherwise eligible to hold the units. Transfer of units held in Non-Demat [Statement of Account ('SOA')] mode: As per the AMFI Best Practices Guidelines Circular No.116 /2024-25 dated August 14, 2024, on 'Standard Process for Transfer of Units held in Non-Demat (SoA) mode', units held by individual unitholders in Non Demat ('SoA') mode can be transferred only in following cases- i. Surviving joint unitholder, who wants to add new joint holder(s) in the folio upon demise of one or more joint unitholder(s). ii. A nominee of a deceased unitholder, who wants to transfer the
---	--

	units to the legal heirs of the deceased unitholder, post the transmission of units in the name of the nominee. iii. A minor unitholder who has turned a major and has changed his/her status from minor to major, wants to add the name of the parent / guardian, sibling, spouse etc. in the folio as joint holder(s). Partial transfer of units held in a folio shall be allowed. If the request for transfer of units is lodged on the record date, the IDCW payout/reinvestment shall be made to the transferor. Redemption of the transferred units shall not be allowed for 10 days from the date of transfer. This will enable the investor to revert in case the transfer is initiated fraudulently. For details, please refer Statement of Additional Information (SAI).
Dematerialization of units	Unit holders will have an Option to hold the units by way of an Account Statement or in Dematerialized ('Demat') form. Unit holders opting to hold the units in Demat form must provide their Demat Account details in the specified section of the application form/transaction feed. The Applicant intending to hold the units in Demat form are required to have a beneficiary account with a Depository Participant (DP) registered with NSDL / CDSL and will be required to indicate in the application the DP's name, DP ID Number and the Beneficiary Account Number of the applicant held with the DP at the time of purchasing Units. Unitholders are requested to note that request for conversion of units held in Account Statement (non-demat) form into Demat (electronic) form or vice versa should be submitted to their Depository Participants. The demat request to depository must be submitted for all units in a folio. In case Unit holders do not provide their Demat account details or the Demat details provided in the application form are incomplete / incorrect or do not match with the details with the Depository records, the Units will be allotted in account statement mode provided the application is otherwise complete in all respect and accordingly an account statement shall be sent to them
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	Not Applicable since it is an ongoing scheme.
Maximum Amount to be raised (if any)	Not Applicable since it is an ongoing scheme.

Dividend Policy (IDCW)	IDCW Frequency IDCW is declared subject to availability and adequacy of distributable surplus. IDCW Record Dates: At the discretion of the Trustees (If the record date is not a Business Day, the immediately following Business Day will be the record date) Under the Income Distribution cum capital withdrawal (IDCW) option, the Trustee may at any time decide to distribute by way of IDCW, the surplus by way of realised profit and interest, net of losses, expenses and taxes, if any, to Unitholders if, in the opinion of the Trustee, such surplus is available and adequate for distribution. The Trustee's decision with regard to such availability and adequacy of surplus, rate, timing and frequency of distribution shall be final. The Trustee may or may not distribute surplus, even if available, by way of Income Distribution cum capital withdrawal (IDCW). The IDCW will be paid to only those Unitholders whose names appear on the register of Unitholders of the Scheme / Option at the close of the business hours on the record date, which will be announced in advance. In case of dynamic lien, the Income Distribution cum capital withdrawal (IDCW) may be credited to the financier The Income Distribution cum capital withdrawal (IDCW) Option will be available under two sub-options – the Payout Option and the Reinvestment Option. Payout of Income Distribution cum capital withdrawal option (IDCW): Unitholders will have the option to receive payout of their IDCW by way of Payorder / DD any other means which can be encashed or by way of direct credit / electronic payout into their account. Reinvestment of Income Distribution cum capital withdrawal option (IDCW): Under the reinvestment option, The amounts will be reinvested in the Reinvestment IDCW Option at the Applicable NAV announced immediately following the record date. The requirement of giving notice shall not be applicable for IDCW Option having frequency upto one month. However, the Trustees reserve the right to introduce new options and / or alter the IDCW payout intervals, frequency, including the day of payout.
Allotment (Detailed procedure) (NFO)	Pursuant to Para 14.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the investor whose transaction has been accepted by Kotak Mahindra Asset Management Company Ltd. / Kotak Mahindra Mutual Fund shall receive the following:

	1. The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 Business Days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). 2. The holding(s) of the beneficiary account holder for units held in demat mode will be shown in the statement issued by respective Depository Participants (DPs) periodically. 3. A consolidated account statement (CAS) for each calendar month on or before 15th of the succeeding month shall be sent by email (wherever investor has provided email id) or physical account statement where investor has not provided email id., across the schemes of the mutual funds, to all the investors in whose folio(s) transaction(s) has/have taken place during the month. The same shall be sent by the AMC or by the Agencies appointed by the AMC for non demat unit holders.
Refund	If application is rejected, full amount will be refunded within 5 working days of closure of NFO. If refunded later than 5 working days @ 15% p.a. for delay period will be paid and charged to the AMC.
Who can invest This is an indicative list and investors shall consult their financial advisor to ascertain whether the scheme is suitable to their risk profile. For details, please refer Statement of Additional Information (SAI).
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	Applicable NAV for Purchases/Switch-ins 1. In respect of valid applications received upto 3.00 p.m. on a business day and entire amount is available in the mutual fund's account for utilization before the cut off time of the same day – closing NAV of the day of receipt of application; 2. In respect of valid applications received after 3.00 p.m. on a business day and the entire amount is available in the mutual fund's account for utilization before cut off time of the next business day – the closing NAV of the next business day; 3. Irrespective of the time of receipt of the application where the entire amount is available in Mutual fund's account for utilization before cut off time on any subsequent business day – the closing NAV of such subsequent business day. The above cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day: 1. It is clarified that switches will be considered as redemption in the switch-out scheme and purchase / subscription in the switch-in scheme 2. Cheques received on a business day may be deposited with the primary bankers of the respective location on the next business day. NAV shall be as per the applicable NAV mentioned above. To enable early sighting of funds by the schemes, investors are requested to avail of electronic facilities like RTGS / NEFT in respect of subscriptions and submit the proof of transfer of funds along with their applications. AMC shall not be responsible for any delay on account of banking clearance or circumstances which are beyond the control of AMC. 3. The revised provisions for applicability of NAV based on realization of funds will be applicable to all types of investment including various systematic investments routes (viz, SIP, STP, Transfer of IDCW Plan etc.) as may be offered by the Scheme from time to time. Applicable NAV for Redemption/ Switch outs a) where the application received upto 3.00 pm – closing NAV of the day of receipt of application; and

	b) an application received after 3.00 pm – closing NAV of the next business day. Further, where the AMC or the Registrar has provided a facility to the investors to redeem /switch-out of the Scheme through the medium of Internet by logging onto specific web-sites or any other facilities offered by the AMC and where investors have signed up for using these facilities, the Applicable NAVs will be as provided above.						
Minimum amount for purchase/redemption/switches (mention the provisions for ETFs, as may be applicable, for direct subscription/redemption with AMC.	Minimum application amount for purchases <table><tr><th>Initial Purchase (Non- SIP)</th><th>Additional Purchase (Non-SIP)</th><th>SIP Purchase</th></tr><tr><td>Rs. 100/- and any amount thereafter</td><td>Rs. 100/- and any amount thereafter</td><td>Rs. 100/- and any amount thereafter (Subject to a minimum of 10 SIP installments)</td></tr></table> Minimum amount for redemption: The minimum redemption amount for all plans will be Rs. 1000/- or 100 units or account balance, whichever is lower.	Initial Purchase (Non- SIP)	Additional Purchase (Non-SIP)	SIP Purchase	Rs. 100/- and any amount thereafter	Rs. 100/- and any amount thereafter	Rs. 100/- and any amount thereafter (Subject to a minimum of 10 SIP installments)
Initial Purchase (Non- SIP)	Additional Purchase (Non-SIP)	SIP Purchase					
Rs. 100/- and any amount thereafter	Rs. 100/- and any amount thereafter	Rs. 100/- and any amount thereafter (Subject to a minimum of 10 SIP installments)					
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable For further details, refer SAI.						
Dividend/ IDCW	The payment of dividend/IDCW to the unitholders shall be made within seven working days from the record date.						
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase.						

	For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024.
Bank Mandate	As per the directives issued by SEBI it is mandatory for an investor to declare his/her bank account number. To safeguard the interest of Unitholders from loss or theft of their refund orders/redemption cheques, investors are requested to provide their bank details in the Application Form. In case an existing Unitholder is submitting a request for Change in his Bank Details, he needs to submit an old and new bank account. In absence of the same, the request for Change in Bank Mandate is liable to be rejected Investors have an option of registering their bank accounts, by submitting the necessary forms & documents. At the time of redemption, investors can select the bank account to receive the amount.
Delay in payment of redemption / repurchase proceeds/dividend	The Asset Management Company shall be liable to pay interest to the unitholders at rate as specified vide clause 14.2 of SEBI Master Circular for Mutual Funds dated June 27, 2024 by SEBI for the period of such delay
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	In accordance with Para 14.3 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the unclaimed Redemption amount and IDCW amount that are currently allowed to be deployed by the Mutual Fund only in call money market or money market Instruments, shall also be allowed to be invested in a separate plan of only Overnight scheme / Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as as per para 17.5 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024. AMCs shall not be permitted to charge any exit load in this plan and TER (Total Expense Ratio) of such plan shall be capped as per the TER of direct plan of such scheme or at 50bps whichever is lower. Investors who claim these amounts during a period of three years from the due date shall be paid initial unclaimed amount along with the income earned on its deployment. Investors who claim these amounts after 3 years, shall be paid initial unclaimed amount along with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. AMC shall play a proactive role in tracing the rightful owner of the unclaimed amounts considering the steps suggested by regulator vide the referred circular.

Disclosure w.r.t investment by minors	As per Para 17.6 of SEBI No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 read with SEBI Circular dated May 12, 2023, the following Process for Investments in the name of a Minor through a Guardian will be applicable: - Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed. - Redemption proceeds shall be credited only in verified bank account of the minor, i.e the account the minor may hold with the parent/legal guardian after completing KYC formalities. - Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major. - AMCs shall build a system control at the account set up stage of Systematic Investment Plan (SIP), Systematic Transfer Plan (STP) and Systematic Withdrawal Plan (SWP) on the basis of which, the standing instruction is suspended when the minor attains majority, till the status is changed to major. Please refer SAI for detailed process on investments made in the name of a Minor through a Guardian and Transmission of Units.

III. OTHER DETAILS

A. Periodic Disclosures

Monthly and Half yearly Disclosures: Portfolio / Financial Results This is a list of securities where the corpus of the scheme is currently invested. The market value of these investments is also stated in portfolio disclosures.	The Mutual Funds/ AMCs, shall disclose portfolio (along with ISIN) as on monthly, half-yearly basis for all the schemes on the website of the Kotak Mahindra Mutual Fund viz. www.kotakmf.com and on the website of AMFI (www.amfiindia.com) within 10 days from the close of each month/ half-year respectively in a user-friendly and downloadable spreadsheet format. The link for the mentioned disclosures - https://www.kotakmf.com/Information/statutory-disclosure/information In accordance with Para 5.1 and 5.3 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 effective from October 01, 2021, unitholders whose e-mail addresses are registered, Mutual Funds/AMC shall send the details of the scheme portfolio including the scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark while communicating the fortnightly, monthly and half-yearly statement of scheme portfolio via email within 5 days of every fortnight for debt schemes, 10 days from the close of each month for other schemes and 10 days from the close of half-year for all schemes. AMCs shall provide a link to investors to their registered email to enable the investor to directly view/download only the portfolio of schemes subscribed by the said investor. The Mutual Fund / AMC shall provide a physical copy of statement of its scheme portfolio, without charging any cost, on specific request received from a unit holder. An advertisement shall be published every half-year disclosing the hosting of the half-yearly statement of the schemes on website of Kotak Mahindra Mutual Fund and on the website of AMFI and the modes such as SMS, telephone, email or written request (letter) through which a unitholder can submit a request for a physical or electronic copy of the statement of scheme portfolio. Such advertisement shall be published in the all India edition of at least two daily newspapers, one each in English and Hindi.
Half Yearly Results	The soft copy of unaudited financial results shall within one month from the close of each half year i.e. 31st of March and the 30th of September, be hosted on the website kotakmf.com and will be sent to AMFI for posting on its website www.amfiindia.com. The link for the mentioned disclosures - https://www.kotakmf.com/Information/statutory-disclosure/financials Also an advertisement of hosting of the unaudited results shall be published in one English daily newspaper circulating in the whole of India and in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated.
Annual Report	Pursuant to Regulation 56 of SEBI (Mutual Funds) Regulations, 1996 read with Para 5.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and SEBI Mutual Fund (Second Amendment) Regulation 2018, the scheme wise annual report or abridged summary thereof will be hosted on the website in machine readable format of the Kotak Mahindra Mutual Fund viz. kotakmf.com and on the website

	of AMFI, immediately after approval in Annual General Meetings within a period of four months, from the date of closing of the financial year (31st March). The AMC's shall display the link prominently on the website of the Kotak Mahindra Mutual Fund viz. kotakmf.com and make the physical copies available to the unitholders, at their registered offices at all times. Unit holders whose e-mail addresses are not registered will have to specifically 'opt in' to receive physical copy of scheme wise annual report or abridged summary thereof. The unit holders may request for a physical copy of scheme annual reports at a price and the text of the relevant scheme by writing to the Kotak Mahindra Asset Management Company Ltd. / Investor Service Centre / Registrar & Transfer Agents. AMC shall provide a physical copy of abridged report of the annual report, without charging any cost, on specific request received from a unit holder. An advertisement shall be published every year disclosing the hosting of the scheme wise annual report on website of Kotak Mahindra Mutual Fund and on the website of AMFI and the modes such as SMS, telephone, email or written request (letter) through which a unitholder can submit a request for a physical or electronic copy of the scheme wise annual report or abridged summary thereof. Such advertisement shall be published in the all India edition of at least two daily newspapers, one each in English and Hindi. The link for the mentioned disclosures - https://www.kotakmf.com/Information/statutory-disclosure/financials
Risk-o-meter	In accordance with Para 17.4 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024: The Risk-o-meter shall have following six levels of risk: i. Low Risk ii. Low to Moderate Risk iii. Moderate Risk iv. Moderately High Risk v. High Risk and vi. Very High Risk The evaluation of risk levels of a scheme shall be done in accordance with the aforesaid circular. Any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders. The risk-o-meter shall be evaluated on a monthly basis and the risk-o-meter along with portfolio disclosure shall be disclosed on the AMC website as well as AMFI website within 10 days from the close of each month. The Product Labelling assigned during the NFO is based on internal assessment of the scheme characteristics or model portfolio and the same may vary post NFO when the actual investments are made.
Scheme Summary Document (SSD)	In accordance with SEBI letter dated December 28, 2021 and AMFI emails dated March 16, 2022 and March 25, 2022, Scheme summary document for all schemes of Kotak Mahindra Mutual Fund in the requisite format (pdf, spreadsheet and machine readable format) shall be uploaded on a monthly basis i.e. 15th of every month or within 5 working days from the date of any change or modification in the scheme information on the website of Kotak Mahindra Mutual Fund i.e. www.kotakmf.com, AMFI

	i.e. www.amfiindia.com and Registered Stock Exchanges i.e. National Stock Exchange of India Limited and BSE Limited.
Tracking Error and Tracking Difference	In accordance with para 3.6.3 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024: • The tracking error i.e. the annualised standard deviation of the difference in daily returns between underlying index and the NAV of the Scheme, is based on past one year rolling over data shall not exceed 2%. The disclosure regarding the same shall be made on monthly basis on the website of the Kotak Mahindra Mutual Fund viz. www.kotakmf.com. • In case of unavoidable circumstances in the nature of force majeure which are beyond the control of the AMC, the tracking error may exceed 2%, for which approval of Board of AMC and Trustees shall be taken and the same shall prominently be disclosed on the website of the Kotak Mahindra Mutual Fund viz. www.kotakmf.com. Along with tracking error, tracking difference i.e. the annualized difference of daily returns between the index or goods and the NAV of the ETF/ Index Fund shall also be disclosed on the website of the AMC viz. www.kotakmf.com and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.
Monthly Disclosures	The scheme shall disclose the following on monthly basis: - Name and exposure to top 7 issuers and stocks respectively as a percentage of NAV of the scheme - Name and exposure to top 7 groups as a percentage of NAV of the scheme. - Name and exposure to top 4 sectors as a percentage of NAV of the scheme. Change in constituents of the index, if any, shall be disclosed on the AMC website on the day of change.

B. Transparency/NAV Disclosure

The NAVs of the Scheme will be calculated and disclosed on every Business day on the website of the Kotak Mahindra Mutual Fund viz www.kotakmf.com and AMFI's website www.amfiindia.com by 11.00 p.m.

Unitholders may avail the facility to receive the latest available NAVs through SMS by submitting a specific request in this regard to the AMC/Mutual Fund. Also, information regarding NAVs can be obtained by the Unit holders / Investors by visiting the nearest ISC.

Delay in uploading of NAV beyond 11.00 p.m. on every business day shall be explained in writing to AMFI. In case the NAVs are not available before the commencement of business hours on the following business day due to any reason, a press release for revised NAV shall be issued.

In terms of SEBI regulations, a complete statement of the Scheme portfolio will be sent to all unitholders, within ten days from the close of each month / half-year whose email addresses are registered with the Mutual Fund.

The portfolio of the scheme (along with ISIN) shall also be disclosed on the website of Mutual Fund (kotakmf.com) and on the website of AMFI (www.amfiindia.com) on a monthly and half-yearly basis within 10 days from the close of each month/ half-year respectively in a user-friendly and downloadable spreadsheet format.

C. Transaction Charges And Stamp Duty

- (a) Transaction Charges - Investors are requested to note that no transaction charges shall be deducted from the investment amount given by the investor for all transactions / applications (including SIP's) received through the distributors (i.e. in Regular Plan) and full investment amount (subject to deduction of statutory charges, if any) will be invested in the Scheme.
- (b) Stamp Duty - A stamp duty @ 0.005% would be levied on all applicable mutual fund transactions. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including reinvestment IDCW and Switch in) to the unitholders would be reduced to that extent.

Details regarding transaction charges and stamp duty refer to SAI.

D. Associate Transactions-

Please refer to Statement of Additional Information (SAI)

E. Taxation

For details on taxation please refer to the clause on Taxation in the SAI apart from the following:

The information is provided for general information purposes only. However, in view of the individual nature of tax implications, each investor is advised to consult his or her own tax adviser with respect to the specific tax implications arising out of his or her participation in the scheme.
