Sr. No.	Title	Description
		ABOUT THE INDEX CRISIL IBX Gilt Index – April 2026 seeks to track the performance of large G-Secs near to the maturity date of the index. The index will terminate on April 30, 2026 Methodology for Gsec Selection in the Index: Eligible Period for G-Sec Securities maturing in 6-month period ending 30th April 2026. Security Selection: 1. Surrogate bonds (namely Food Corporation of India bonds, Oil bonds, Fertilizer bonds and UTI Special Bonds), STRIPS and Floating rate bonds shall be kept out of the purview of the selection process 2. Securities with the minimum outstanding of Rs. 25000 crores are eligible for selection 3. All eligible securities as evaluated during the inception date of the index shall be selected in the index Weighing Approach: 1. Weights to individual securities will be calculated in the ratio of amount outstanding (30% weightage) and liquidity score (70% weightage), as evaluated during the base date of the index, which is the inception date of the index. Post the inception date the weights calculated basis liquidity score and amount outstanding may drift due to price movements. Such weights shall be reset half-yearly. 2. Liquidity score will be calculated based on the volume traded (70%), number of trades (15%) and days traded (15%) in the previous quarter. Rebalancing: 1. The securities shall be rebalanced every 6 months and the relative weights of the Government securities will change due to price movement and will be reset during the half-yearly rebalancing. 2. Eligible securities with minimum outstanding of Rs. 25000 crores as evaluated during each rebalancing date will be added on a half-yearly basis and weights will be redistributed based on ratio of amount outstanding (30% weightage) and liquidity score (70% weightage). 3. Any cash flows accruing to the index on account of coupon cash flows, part redemption of the security or securities, will be reinvested on the same day in the index in the proportion of existing weights. 4. As the index includes securities that shall mature during the 6 month period ending on the final maturity date of the index, any proceeds from the redemption of securities prior to the final maturity date of the index shall be reinvested according to following waterfall approach – - a The proceeds from security redemption will be reinvested in the longest maturity outstanding government security issued by the same issuer and maturing on or just before the index maturity date. - b In case a replacement in the form of another outstanding government security cannot be found for reinvestment then the proceeds from such redemption shall be reinvested in the remaining portfolio on the same date in the proportion of the existing weights. - In case due to any reason it is not possible to meet the requirements stated in point a and b above, then the proceeds from such redemption shall be reinvested in a T-Bill maturing on or just before the index maturity date. - d If the last outstanding security (including T-Bill) in the index matures before the final index maturity date, all redemption proceeds shall be assumed to be reinvested in The Clearing Corporation of India Ltd.'s (CCIL) TREPS overnight rate for any subsequent days till the maturity of

PART II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The asset allocation under the scheme will be as follows:

Instruments	Indicative Allocation (% of total assets)	
	Minimum	Maximum
#GSecs forming part of the CRISIL IBX Gilt Index – April 2026	95%	100%
Cash, Money Market Instruments	0%	5%

#Pursuant to Clause 3.5.4 of SEBI Master Circular, replication of the G-sec Index by the Scheme shall be as follows:

- i. The duration of the portfolio of the Fund replicates the duration of the underlying index within a maximum permissible deviation of +/- 10%.
- ii. In case of Target Maturity (or Target Date) Fund, the following norms for permissible deviation in duration shall apply:
 - a) For portfolio with residual maturity of greater than 5 years: Either +/- 6 months or +/- 10% of duration, whichever is higher.
 - b) For a portfolio with residual maturity of up to 5 years: Either +/- 3 months or +/- 10% of duration, whichever is higher.
 - c) However, at no point of time, the residual maturity of any security forming part of the portfolio shall be beyond the target maturity date of the Fund.

During normal circumstances, the Scheme's exposure to money market instruments will be in line with the asset allocation table. However, in case of maturity of securities in the Scheme portfolio, the reinvestment will be in line with the index methodology.

The Scheme will not invest in overseas securities, derivatives, securitized debt, debt instruments having structured obligations or credit enhancements as specified under clause 4.3 of SEBI Master Circular, credit default swaps, unrated debt instruments, Commodity Derivatives, foreign securities nor will it engage in short selling, securities lending or repo in corporate debt securities, units of Scheme managed by Bandhan Mutual Fund or in any other Scheme of any other Mutual Fund, REITs and InvIts instrument.

The scheme will not invest in Corporate Bonds.

Further in line with SEBI Circular dated December 31, 2024, the scheme will not invest in the following:

- Unlisted debt instrument
- Bespoke or complex debt products
- Securities with special features
- Inter scheme transactions
- Short selling

Unrated debt and money market instruments (except G-Secs, T-Bills and other money market instruments)

As per clause 12.2 of SEBI Master Circular, the scheme will not invest in instruments having special features.

As per clause 12.24 of SEBI Master Circular, the cumulative gross exposure through government

securities, repo transactions, money market instruments and such other securities/assets as may be permitted by the Board from time to time, subject to regulatory approvals if any, should not exceed 100% of the net assets of the scheme.

The AMC would monitor the Tracking Error and Tracking Difference of the Scheme on an ongoing basis and would seek to minimize it to the maximum extent possible. Under normal circumstances, the AMC shall endeavor that the Tracking Error of the Scheme shall not exceed 2% per annum.

For the Fund the annualized tracking difference averaged over one year period shall not exceed 1.25%. In case the average annualized tracking difference over one year period for the Scheme is higher than 1.25%, the same will be brought to the notice of trustees with corrective actions taken by the AMC, if any.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines mentioned in clause 12.16 of SEBI Master circular . The AMC shall not charge any investment management and advisory fees for parking of funds in such short term deposits of scheduled commercial banks for the scheme.

Disclosure Norms:

I. Portfolio:

As per clause 3.6.8 of SEBI Master Circular:

A. The Fund shall disclose the following on monthly basis:

- Name and exposure to top 7 issuers and stocks respectively as a percentage of NAV of the scheme
- Name and exposure to top 7 groups as a percentage of NAV of the scheme.
- Name and exposure to top 4 sectors as a percentage of NAV of the scheme.

B. Change in constituents of the index, if any, shall be disclosed on the AMC website on the day of change.

II. Tracking Error:

As per Clause 3.6.3.1(c) of SEBI Master Circular, the Fund shall disclose the tracking error based on past one year rolling data, on a daily basis, on the website of AMCs and AMFI.

III. Tracking Difference:

As per Clause 3.6.3.2 (a) of SEBI Master Circular, the annualized difference of daily returns between the index and the NAV of the Fund shall be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars)

6.	AT1 and AT2 Bonds	will not invest	-
7.	Any other instrument a. Exposure in Derivatives b. Gross Exposure to Repo in Corporate Debt Securities	will not invest	-

The scheme will follow the applicable provisions as specified in SEBI Circular and SEBI (Mutual Funds) Regulations, 1996 as amended from time to time.

Change in Investment Pattern

Subject to the Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It may be noted that no prior intimation/indication would be given to investors when the composition/asset allocation pattern under the Scheme undergo changes within the permitted band as indicated above. Such changes in the investment pattern will be for short term and defensive considerations only, which would be rebalanced within 7 days from the date of deviation. In case the same is not aligned to the above asset allocation pattern within 7 days, justification shall be provided to the Investment committee. The Investment committee shall then decide on the course of action.

B. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations, the corpus of the Scheme will mainly be invested in any (but not exclusively) of the following securities:

- Securities that are part of the underlying Index
- Money Market Instruments including treasury bills and government securities having an unexpired maturity upto one year, Tri-Party Repo, money at call or notice and other Money Market Instruments as may be permitted by SEBI / RBI from time to time.
- Repo / Reverse Repo in Gsecs
- Such other instruments as permitted by SEBI/RBI from time to time, subject to regulatory approvals.

For the purpose of further diversification and liquidity, the Scheme may invest in another scheme managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund.

The scheme may invest the funds of the scheme in short term deposits of scheduled commercial banks as permitted under extant regulations. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

Detailed definition and applicable regulations/guidelines for each instrument is included in Section II.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The scheme is a target maturity index fund which will employ an investment approach designed to track the performance of Crisil IBX Gilt Index - April 2026.

The Scheme would seek to invest in the securities forming part of underlying index. Where the scheme is not able to replicate the benchmark index completely on account of non-availability of the issuances of the issuer forming part of benchmark index, the Scheme would adhere with the requirements stipulated in SEBI Circular dated May 23, 2022 and other SEBI Guidelines/Circulars issued from time to time. Procedure & Recording of Investment Decisions and Risk Control.

Please refer to Statement of Additional Information (SAI) available on website www.bandhanmutual.com.

Portfolio Turnover

Portfolio turnover is defined as the lower of purchases and sales divided by the average assets under management of the Scheme during a specified period of time.

Portfolio turnover in the scheme will be a function of market opportunities. It is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavor to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of investment opportunities that exist in the market.

Portfolio Turnover ratio – Not applicable

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the scheme will be benchmarked against Crisil IBX Gilt Index - April 2026.

The Scheme will invest in the constituents of Crisil IBX Gilt Index - April 2026. Therefore, the composition of Crisil IBX Gilt Index - April 2026 makes it most suited to compare the performance of the Scheme.

ABOUT THE INDEX

CRISIL IBX Gilt Index – April 2026 seeks to track the performance of large G-Secs near to the maturity date of the index. The index will terminate on April 30, 2026.

Methodology for Gsec Selection in the Index:

Eligible Period for G-Sec Securities maturing in 6-month period ending 30th April 2026.

Security Selection:

1. Surrogate bonds (namely Food Corporation of India bonds, Oil bonds, Fertilizer bonds and UTI Special Bonds), STRIPS and Floating rate bonds shall be kept out of the purview of the selection process
2. Securities with the minimum outstanding of Rs. 25000 crores are eligible for selection
3. All eligible securities as evaluated during the inception date of the index shall be selected in the index

Weighing Approach:

1. Weights to individual securities will be calculated in the ratio of amount outstanding (30% weightage) and liquidity score (70% weightage), as evaluated during the base date of the index, which is the inception date of the index. Post the inception date the weights calculated basis liquidity score and amount outstanding may drift due to price movements. Such weights shall be reset half-yearly.
2. Liquidity score will be calculated based on the volume traded (70%), number of trades (15%) and days traded (15%) in the previous quarter

The index is computed using the total return methodology including price return and coupon return. Methodology for Gsec Selection in the Index:

1. All Securities are selected on the basis of Amount Outstanding.
2. The Securities should have maturity date within the eligible period. (Eligible period: 6 September, 2027 to 5 April, 2028)
3. Minimum Amount Outstanding should be Rs. 25000 crore.
4. Weights to individual securities will be calculated in the ratio of amount outstanding.

Rebalancing:

1. The securities shall be rebalanced every 6 months and the relative weights of the Government securities will change due to price movement and will be reset during the half-yearly rebalancing.
2. Eligible securities with minimum outstanding of Rs. 25000 crores as evaluated during each rebalancing date will be added on a half-yearly basis and weights will be redistributed based on ratio of amount outstanding (30% weightage) and liquidity score (70% weightage).
3. Any cash flows accruing to the index on account of coupon cash flows, part redemption of the security or securities, will be reinvested on the same day in the index in the proportion of existing weights.
4. As the index includes securities that shall mature during the 6 month period ending on the final maturity date of the index, any proceeds from the redemption of securities prior to the final maturity date of the index shall be reinvested according to following waterfall approach –
 - A. The proceeds from security redemption will be reinvested in the longest maturity outstanding government security issued by the same issuer and maturing on or just before the index maturity date.
 - b. In case a replacement in the form of another outstanding government security cannot be found for reinvestment then the proceeds from such redemption shall be reinvested in the remaining portfolio on the same date in the proportion of the existing weights.
 - c. In case due to any reason it is not possible to meet the requirements stated in point a and b above, then the proceeds from such redemption shall be reinvested in a T-Bill maturing on or just before the index maturity date.
 - d. If the last outstanding security (including T-Bill) in the index matures before the final index maturity date, all redemption proceeds shall be assumed to be reinvested in The Clearing Corporation of India Ltd.'s (CCIL) TREPS overnight rate for any subsequent days till the maturity of the index. The effective date of the above rebalancing shall be first working day of the month.

The effective date of the above rebalancing shall be first working day of the month or the quarter. Any index having maturity date on a weekend (Saturday and Sunday) or on a holiday, or on an unplanned market off, will mature on the next working day.

vi. Investments of AMC in the Scheme:

Refer <https://bandhanmutual.com/downloads/sid> for the details of the investments of AMC in the Scheme.

Subject to the Regulations, the AMC may invest in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management and advisory fee on such investment in the Scheme, in accordance with sub-regulation 17 of Regulation 25 of the Regulations and shall charge fees on such amounts in future only if the SEBI Regulations so permit.

The AMC shall invest in the scheme based on the risk associated with the scheme as specified in para 6.9 of the SEBI Master Circular.

The Scheme may invest in another scheme managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund. For detailed provisions refer SAI.

PART III- OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the non-daily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme.

The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---	---	---

No. of Units outstanding under Scheme

During the continuous offer of the scheme, the units will be available at the applicable NAV based prices. This is the price that an investor will pay for purchase / switch in.

Ongoing price for redemption (sale) /switch outs (to other schemes/plans of the Mutual Fund) by investors:

At the applicable NAV subjects to prevailing exit load. This is the price you will receive for redemptions/switch outs.

The NAV of the Scheme will be calculated upto four decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by

SEBI from time to time.

The NAVs of Growth Option and Income Distribution cum capital withdrawal option will be different after the declaration of the first Income Distribution cum capital withdrawal ..

Illustration:

Computation of NAV - Assume that the Market or Fair Value of Scheme's investments is Rs. 1,00,00,000; Current asset of the scheme is Rs. 25,00,000; Current Liabilities and Provisions is Rs. 15,00,000 and the No. of Units outstanding under the scheme are 5,00,000. Thus, the NAV will be calculated as:

$$\text{NAV} = \frac{10000000 + 2500000 - 1500000}{500000} = 22.000$$

Therefore, the NAV of the scheme is Rs. 22.000

Computation of Repurchase Price - If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be: Rs. 10* (1-0.02) = Rs. 9.80

The Redemption Price will not be lower than 95% of the NAV.

For details on policies related to computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV, please refer SAI.

The NAV shall be calculated and rounded off up to at least four decimals, as decided by the AMC from time to time and will be declared on each business day

B. NEW FUND OFFER (NFO) EXPENSES

This section was applicable during NFO.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 1.00% (plus additional expenses as permitted under SEBI Regulations) of the daily net assets of the scheme will be charged to the scheme as expenses.

For the actual current expenses being charged, the investor should refer to the website of the mutual fund.

Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (c)^	Upto 1.00%
Additional expenses under regulation 52 (6A) (c)	-
Additional expenses for gross new inflows from specified cities	Upto 0.30%

^ In line with SEBI Circular dated December 31, 2024, the AMC / Mutual Fund shall set apart 5% of total TER charged to direct plans, subject to maximum of 0.5 bps of AUM for investor education and awareness initiatives.

@ Brokerage and transaction costs (inclusive of GST) which are incurred for the purpose of execution of trades, shall be charged to the scheme as per Regulation 52(6A)(a) of SEBI (Mutual Funds) Regulations, 1996 not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions. With effect from April 1, 2023, to align with Indian Accounting Standards requirement, transactions cost incurred for the purpose of execution of trades are expensed out (viz. charged to Revenue Account instead of Capitalization (i.e. forming part of cost of investment)). Any payment towards brokerage and transaction cost, over and above the said 0.12 percent and 0.05 percent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

The expense of 30 bps shall be charged if the new inflows from B30 cities from retail investors as specified from time to time are at least -

(i) 30 per cent of gross new inflows in the scheme, or; (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from B30 cities from retail investors cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from B30 cities from retail investors. Provided further that amount incurred as expense on account of inflows from B30 cities from retail investors shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

In case inflows from retail investors from beyond top 30 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X New inflows from individuals from beyond top 30 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable.

For the above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

The AMC shall adhere provisions of Chapter 10 of SEBI Master Circular dated June 27, 2024 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses. Accordingly:

- a. All scheme related expenses including commission paid to distributors, shall be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route.
Provided that, such expenses that are not specifically covered in terms of Regulation 52 (4) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.
- b. The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.
- c. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.
- d. No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

Disclosure on Goods and Service Tax:

Goods and Service Tax on investment management and advisory fees shall be in addition to the above expense.

Further, with respect to Goods and Service Tax on other than management and advisory fees:

- Goods and Service Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Goods and Service Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods and Service Tax, if any, shall be credited to the scheme.
- Goods and Service Tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged to the Scheme, the investor should refer to the website of the mutual fund at <https://bandhanmutual.com/statutory-disclosures/total-expense-ratio> (Home>Total Expense Ratio of Mutual Fund Schemes). Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. The total recurring expenses of the Scheme, will however be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.Bandhanmutual.com) or may call at (toll free no.1-800-2666688/ 1-800-2666688.) or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Exit	Nil

All switches will be treated as redemption in the source scheme and subscription in the destination scheme, with the entry and exit load as may be applicable.

With effect from: April 25, 2025- No Exit load will be charged in case of switches made between different Plans and Options within the scheme.

I. INTRODUCTION

A. Definitions/interpretation

B. Risk factors

Scheme specific risk factors

- The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.
- Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for debt securities would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.
- The NAV of the scheme to the extent invested in Money market securities, are likely to be affected by changes in the prevailing rates of interest which may affect the value of the Scheme's holdings and thus the value of the Scheme's Units.
- Investment decisions made by the AMC may not always be profitable.
- The ability of the Scheme for payment of Income Distribution cum capital withdrawal will be dependent on the Scheme having distributable surplus and subject to approval of the Trustees. Accordingly, investors may not get Income Distribution cum capital withdrawal in case distributable surplus is not available.

Risk related to Government Securities and money market securities

1. The NAV of the Scheme is likely to be affected by changes in the prevailing rates of interest.
2. Different types of securities in which the scheme would invest (Govt. Securities / money market instruments etc.) as given in the Scheme Information Document carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern.
3. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
4. **Price-Risk or Interest-Rate Risk:** Government securities and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing these securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. Price-risk is not unique to Government securities but is true for all fixed income securities. Despite a high degree of liquidity in comparison with other debt instruments on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.
5. **Reinvestment Risk:** Investments in government securities and money market instruments may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ

- from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
6. **Credit Risk:** In simple terms this risk means that the issuer of an instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. The credit / default risk, however, in respect of government securities is zero.
 7. **Basis Risk (Interest - rate movement):** During the life of a floating rate security, the underlying benchmark index may become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
 8. **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favourably leading to fluctuation in the NAV.
 9. **Liquidity Risk:** Even though the Government securities market is more liquid compared to other debt market segments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or on occasions when an unusually large transaction has to be put through. Also, the liquidity of the Scheme may suffer in case the relevant guidelines issued by Reserve Bank of India undergo any adverse changes.
 10. **Other Risk:** In case of downward movement of interest rates, floating rate debt instruments will give a lower return than fixed rate debt instruments.

Tracking Error Risk:

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the scheme, corporate actions, cash balance, changes to the underlying index, non-availability of issuances, regulatory policies and any such reasons that may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme. Tracking Error may arise including but not limited to the following reasons: -

- i) Expenditure incurred by the fund.
- ii) The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be invested at all time as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
- iii) Securities trading may halt temporarily due to circuit filters.
- iv) Corporate actions such as debenture or warrant conversion, merger, change in constituents etc.
- v) Disinvestments to meet redemptions, recurring expenses, etc.
- vi) Execution of large buy / sell orders
- vii) Transaction cost (including taxes and insurance premium) and recurring expenses
- viii) Realisation of Unit holders' funds

It will be the endeavor of the fund manager to keep the tracking error as low as possible. Under normal circumstances, such tracking error is not expected to exceed 2% per annum. However, in certain events like market volatility during rebalancing of the portfolio following the rebalancing of the underlying index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any.

Risks associated with segregated portfolio:

1. **Liquidity risk** – A segregated portfolio is created when a credit event / default occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated

portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that an active secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

C. Risk mitigation strategies

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk	Risk mitigants / management strategy
Market Risk As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	In a rising interest rates scenario the Fund Managers will endeavor to increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.
Liquidity risk : Risk of liquidity impact of entering/ exiting the underlying funds	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.
Reinvestment Risk This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest"	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.	
Credit Risk Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.	A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.

II. Information about the scheme:

A. Where will the scheme invest –

Subject to the Regulations, the corpus of the Scheme will mainly be invested in any (but not exclusively) of the following securities:

- Securities that are part of the underlying Index
- Money Market Instruments including treasury bills and government securities having an unexpired maturity upto one year, Tri-Party Repo, money at call or notice and other Money Market Instruments as may be permitted by SEBI / RBI from time to time.
- Repo / Reverse Repo in Gsecs
- Such other instruments as permitted by SEBI/RBI from time to time, subject to regulatory approvals.

For the purpose of further diversification and liquidity, the Scheme may invest in another scheme managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund.

The scheme may invest the funds of the scheme in short term deposits of scheduled commercial banks as permitted under extant regulations. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

A broad description of various securities:

Debt Instruments:

- Non-convertible debentures as well as bonds are securities issued by companies / institutions promoted / owned by the Central or State governments and statutory bodies, which may or may not carry a Central/State government guarantee, public and private sector banks, All India Financial Institutions, private sector companies. These instruments may be secured against the assets of the company or unsecured and generally issued to meet the short term and long term fund requirements. Rate of interest on such instruments would depend upon spread over corresponding government security, perceived risk, rating, tenor etc. These instruments include fixed interest security

with/without put/call option, floating rate bonds, zero coupon bonds. Frequency of the interest payment could be either monthly/quarterly/half-yearly or annually.

2. Floating rate debt instruments are debt instruments issued by central government, state government, corporates, PSUs etc. with coupon reset periodically. The periodicity of reset could be daily, monthly, quarterly, half yearly and annually or any other periodicity as may be mutually agreed between the issuer and the Fund. The fund manager will have the flexibility to invest the debt component into floating rate debt securities in order to reduce the impact of rising interest rate in the economy.
3. Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Special securities issued by the Government of India to entities like Oil Marketing Companies, Fertilizer Companies, the Food Corporation of India, etc. (popularly called oil bonds, fertilizer bonds and food bonds respectively) and special securities issued by the State Government under “Ujjwal Discom Assurance Yojna (UDAY) Scheme for Operational and Financial Turnaround of Power Distribution Companies (DISCOMs)” notified by Ministry of Power vide Office Memorandum (No 06/02/2015-NEF/FRP) dated November 20, 2015, (popularly called as UDAY Bonds). Central Government Securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government’s annual borrowing programme and are used to fund the fiscal deficit along with other short term and long term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating rate bonds, capital indexed bonds, fixed interest security with staggered maturity payment etc.
4. Securitised Debt such as Mortgage Backed Securities (“MBS”) or Asset Backed Securities (“ABS”) is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. Asset Securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. A typical process of asset securitization involves sale of specific receivables to a Special Purpose Vehicle (SPV) set up in the form of a trust or a company. The SPV in turn issues financial instruments (promissory notes, participation certificates or other debt instruments) also referred to as “Securitised Debt” to the investors evidencing the beneficial ownership of the investors in the receivables. The financial instruments are rated by an independent credit rating agency.
5. Credit rating agencies assign CE rating to an instrument based on any identifiable credit enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/mortgage backed securities, securitised paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc.
6. Pass Through Certificate (PTC) represents beneficial interest in an underlying pool of cash flows. These cash flows represent dues against single or multiple loans originated by the sellers of these loans. PTCs may be backed, but not exclusively, by receivables of personal loans, car loans, two wheeler loans and other assets subject to applicable regulations.
7. Depository Receipts (DRs) are negotiable certificates that represent shares in a foreign company and are traded in local exchanges of most advanced economies. ADR (American Depository Receipt) and GDR (Global Depository Receipt) are two depository receipts that are traded in local markets but represent the equity of a company listed in another country.

Money Market Instruments:

1. Certificate of Deposits (CDs) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year whereas in case of FIs, maturity is between one year to 3 years from the date of issue. CDs may be issued at a discount to face value. Banks/ FIs cannot buyback their own CDs before maturity.
2. Commercial Paper (CPs) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short-term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in the secondary market and can be freely bought and sold before maturity.
3. Treasury Bills (T-Bills) are issued by the Government of India to meet their short-term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-bills are issued at a discount to their face value and redeemed at par.
4. Non-Convertible Debentures of original or initial maturity upto one year issued by corporate (including NBFCs) by way of private placement in accordance with the provisions of master circular of RBI vide reference no. RBI/MRD/2016-17/32 dated July 7, 2016.
5. Tri-party Repo means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction.
6. Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. When the seller sells the security with an agreement to repurchase it, it is a Repo transaction whereas from the perspective of buyer who buys the security with an agreement to sell it at a later date, it is reverse repo transaction. Presently in India, G-Secs, State Government Securities, T-Bills and Corporate Debt Securities are eligible for Repo/Reverse Repo.
7. Bills Rediscounting. Bill rediscounting is a process where a financial institution (generally banks) discounts the bills of exchange that it has discounted previously with another financial institution. In other words, the original discounting bank sells its discounted bills to another bank or financial institution at a discount. The new institution pays the original institution the present value of the bills minus a discount, and in return, it becomes the holder of the bills until maturity, when it receives the full payment from the debtor. Bill rediscounting is a way for financial institutions to manage their liquidity and meet short-term funding requirements.
8. Cash Management Bills (CMB) are issued by Government of India to meet the temporary cash flow mismatches of the Government. CMBs are non-standard, discounted instruments issued for maturities less than 91 days. CMBs are issued at discount to the face value through auctions. The settlement of the auction will be on T+1 basis.

B. What are the investment restrictions?

Pursuant to Regulations, specifically the Seventh schedule and amendments thereto, the following investment restrictions are currently applicable to the Scheme:

1. Investment in securities from the scheme's corpus would be only in transferable securities in accordance with Regulation 43 of Chapter VI of SEBI [Mutual Funds] Regulations, 1996.
2. The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities;

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

3. The Mutual Fund shall, get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long term nature.
4. The mutual fund shall not advance any loans for any purpose.
5. No investment shall be made in any Fund of Funds scheme.
6. The Scheme may invest in any other mutual fund scheme without charging any fees, provided that aggregate interscheme investment made by all schemes under the AMC or in schemes under the management of any other AMC shall not exceed 5% of the net asset value of the mutual fund.
7. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
 - a) such transfers are done at the prevailing market price for quoted instruments on spot basis;
 - b) the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made
 - c) the same are in line with clause 12.30 of SEBI Master Circular.
8. The Scheme shall not make any investment in
 - any unlisted security of an associate or group company of the sponsor; or
 - any security issued by way of private placement by an associate or group company of the sponsor; or
 - the listed securities of group companies of the sponsor which is in excess of 25% of the net assets
9. Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. Currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:
 - "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days.
 - Such short-term deposits shall be held in the name of the Scheme.
 - The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not park funds in short term deposit of a bank which has invested in that

Scheme. The Trustees / AMCs shall ensure that the bank in which the Scheme has short term deposit do not invest in the Scheme until the Scheme has STD with such bank.

- The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market.

10. The Fund shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of repurchase/redemption of Unit or payment of interest and/or Income Distribution cum capital withdrawal to the Unit holder. The Scheme shall not borrow more than 20% of its net assets and the duration of the borrowing shall not exceed a period of 6 months.

11. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Boards of the Trustee Company and the AMC;

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and tri-party repos on government securities or treasury bills.

Further, in accordance with clause 12.8.3 of SEBI Master Circular, within the limits specified above, following prudential limits shall be followed for the scheme:

The scheme shall not invest more than:

- 10% of its NAV in debt and money market securities rated AAA; or
- 8% of its NAV in debt and money market securities rated AA; or
- 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

Apart from the Investment Restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

The AMC/Trustee may alter these investment restrictions from time to time to the extent SEBI regulations/applicable rules change/permit so as to achieve the investment objective of the scheme. Such alterations will be made in conformity with SEBI regulations.

The investment restrictions specified shall be applicable at the time of making the investment and it is clarified that changes need not be effected, merely by reason of appreciation or depreciation in value. In case the limits are exceeded due to reasons beyond the control of the AMC (such as receipt of any corporate or capital benefits or amalgamations), the AMC shall adopt necessary measures of prudence to reset the situation having regard to the interest of the investors.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

(i) Type of a scheme

Please refer to the section on 'Part I Highlights/Summary of the Scheme'.

(ii) Investment Objective

- Main Objective: Please refer to the section on 'Part I Highlights/Summary of the Scheme'.
- Investment Pattern: Please refer to the section on 'Part II Information about the Scheme'.

(iii) Terms of Issue

- Redemption: Please refer to the section on 'Part I Highlights/Summary of the Scheme'.
- Fees and Expenses: Please refer to the section on 'Part III C. Annual Scheme Recurring Expenses'.
- Any safety net or guarantee provided- None.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024 the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal;
- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF)-

CRISIL-IBX Gilt Index - April 2026

The scheme shall be benchmarked to CRISIL IBX Gilt Index – April 2026 to track the performance of the portfolio predominantly invested in G-sec maturing between 01st November 2025 to 30th April 2026 and the index shall mature on 30th April 2026. The index has an inception date of 22nd September 2021.

CRISIL-IBX Gilt Index – April 2026

CRISIL-IBX Gilt Index – April 2026 seeks to track the performance of gilt issuers with total amount outstanding greater than Rs. 25,000 crores maturing between 1st November 2025 to 30th April 2026. The index shall mature on 30th April 2026.

Asset Allocation

- Government Bonds: 100%

Features

- Total Return Index seeking to capture price and coupon returns of the underlying portfolio.
- It's a target date index which follows a roll-down approach.
- The index uses a buy and hold strategy wherein the portfolio of G-sec is held till maturity unless they become ineligible
- Index portfolio marked-to-market on a daily basis using CRISIL Gilt and T-Bills valuations
- Inception Date of Index: 22nd September 2022.

Key Characteristics

- Replicability: The index constituents are valued on a daily basis. This lends the index a realistic approach by having the valuations close to the market levels

Methodology

Security Selection:

- Only fixed coupon bearing plain vanilla G-Sec will only be eligible for the index
- All eligible Securities shall be selected on the basis of Amount Outstanding as evaluated during the inception date of the index.
- Minimum Amount Outstanding should be Rs. 25000 crores.
- Surrogate bonds (namely Food Corporation of India bonds, Oil bonds, Fertilizer bonds and UTI Special Bonds), STRIPS and Floating rate bonds shall be kept out of the purview of the selection process.

Weighing Approach:

- Weights to individual securities will be calculated in the ratio of amount outstanding (30% weightage) and liquidity score (70% weightage). The weights may vary on account of relative price movements
- Liquidity score will be calculated based on the volume traded (70%), number of trades (15%) and days traded (15%) in the previous quarter
- Weights will be reset during the rebalancing period.

Rebalancing and review:

- The securities shall be rebalanced every 6 months and the relative weights of the Government securities will change due to price movement and will be reset during the half-yearly rebalancing.
- Eligible securities will be added on a half-yearly basis and weights will be redistributed based on ratio of amount outstanding (30% weightage) and liquidity score (70% weightage).
- Any cash flows accruing to the index on account of coupon cash flows, part redemption of the security or securities, will be reinvested on the same day in the index in the proportion of existing weights.
- As the index includes securities that shall mature during the 6-month period ending on the final maturity date of the index, any proceeds from the redemption of securities prior to the final maturity date of the index shall be reinvested according to following waterfall approach –
 - The proceeds from security redemption will be reinvested in the longest maturity outstanding government security issued by the same issuer and maturing on or just before the index maturity date.
 - In case a replacement in the form of another outstanding government security cannot be found for reinvestment then the proceeds from such redemption shall be reinvested in the remaining portfolio on the same date in the proportion of the existing weights
 - In case due to any reason, it is not possible to meet the requirements stated in point a and b above, then the proceeds from such redemption shall be reinvested in a T-Bill maturing on or just before the index maturity date.
 - If the last outstanding security (including T-Bill) in the index matures before the final index maturity date, all redemption proceeds shall be assumed to be re-invested in The Clearing Corporation of India Ltd.'s (CCIL) TREPS overnight rate for any subsequent days till the maturity of the index.
- The effective date of the above rebalancing shall be first working day of the month or the quarter.
- Any index having maturity date on a weekend (Saturday and Sunday) or on a holiday, or on an unplanned market off, will mature on the next working day.'

CRISIL IBX Gilt Index – April 2026 seeks to track the performance of large G-Secs near to the maturity date of the index. The index will terminate on April 30, 2026

Methodology for Gsec Selection in the Index:

Eligible Period for G-Sec Securities maturing in 6-month period ending 30th April 2026.

Security Selection:

1. Surrogate bonds (namely Food Corporation of India bonds, Oil bonds, Fertilizer bonds and UTI Special Bonds), STRIPS and Floating rate bonds shall be kept out of the purview of the selection process
2. Securities with the minimum outstanding of Rs. 25000 crores are eligible for selection
3. All eligible securities as evaluated during the inception date of the index shall be selected in the index.

Weighing Approach:

1. Weights to individual securities will be calculated in the ratio of amount outstanding (30% weightage) and liquidity score (70% weightage), as evaluated during the base date of the index, which is the inception date of the index. Post the inception date the weights calculated basis liquidity score and amount outstanding may drift due to price movements. Such weights shall be reset half-yearly.
2. Liquidity score will be calculated based on the volume traded (70%), number of trades (15%) and days traded (15%) in the previous quarter.

Rebalancing:

1. The securities shall be rebalanced every 6 months and the relative weights of the Government securities will change due to price movement and will be reset during the half-yearly rebalancing.
2. Eligible securities with minimum outstanding of Rs. 25000 crores as evaluated during each rebalancing date will be added on a half-yearly basis and weights will be redistributed based on ratio of amount outstanding (30% weightage) and liquidity score (70% weightage).
3. Any cash flows accruing to the index on account of coupon cash flows, part redemption of the security or securities, will be reinvested on the same day in the index in the proportion of existing weights.
4. As the index includes securities that shall mature during the 6 month period ending on the final maturity date of the index, any proceeds from the redemption of securities prior to the final maturity date of the index shall be reinvested according to following waterfall approach –
 - a. The proceeds from security redemption will be reinvested in the longest maturity outstanding government security issued by the same issuer and maturing on or just before the index maturity date.
 - b. In case a replacement in the form of another outstanding government security cannot be found for reinvestment then the proceeds from such redemption shall be reinvested in the remaining portfolio on the same date in the proportion of the existing weights.
 - c. In case due to any reason it is not possible to meet the requirements stated in point a and b above, then the proceeds from such redemption shall be reinvested in a T-Bill maturing on or just before the index maturity date.
 - d. If the last outstanding security (including T-Bill) in the index matures before the final index maturity date, all redemption proceeds shall be assumed to be reinvested in The Clearing Corporation of India Ltd.'s (CCIL) TREPS overnight rate for any subsequent days till the maturity of the index. The effective date of the above rebalancing shall be first working day of the month.

The effective date of the above rebalancing shall be first working day of the month or the quarter.

Any index having maturity date on a weekend (Saturday and Sunday) or on a holiday, or on an unplanned market off, will mature on the next working day

E. Principles of incentive structure for market makers (for ETFs) – Not applicable

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27,2024 (only for close ended debt schemes) – Not applicable

G. Other Scheme Specific Disclosures:

Listing and transfer of units	The Scheme is an open ended scheme, sale and repurchase is available on a continuous basis and therefore the Units of the Scheme are presently not proposed to be listed on any stock exchange. However, the Fund may at its sole discretion list the Units under the Scheme on one or more Stock Exchanges at a later date, and thereupon the Fund will make a suitable public announcement to that effect. In accordance with clause 14.4.4 of SEBI Master Circular, units of the Scheme which that are held in demat form, will be transferable and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time. Units of the Scheme are freely transferable in demat and non demat mode. For units held in non-demat form, the AMC shall, on production of instrument of transfer together with relevant unit certificates, register the transfer and return the unit certificate to the transferee within 30 days from the date of such production. Investors may note that stamp duty and other statutory levies, if any, as applicable from time to time shall be borne by the investor. If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.
Dematerialization of units	Unit holder has an option to subscribe in dematerialized (demat) form the units of the Scheme in accordance with the provisions laid under the Scheme and in terms of the guidelines/ procedural requirements as laid by the Depositories (NSDL/CDSL) from time to time. In case, the Unit holder desires to hold the Units in a Dematerialized /Rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice-versa should be submitted along with a Demat/Remat Request Form to their Depository Participants. Units held in demat form will be transferable subject to the provisions laid under the scheme and in accordance with provisions of

	Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time.
Maximum Amount to be raised (if any)	Nil
Dividend Policy (IDCW)	The Scheme will endeavor to declare Income Distribution cum Capital Withdrawal (“ IDCW ”) from time to time. The IDCW shall be dependent on the availability of distributable surplus as on the Record Date. The Mutual Fund is not assuring any declaration of dividend under IDCW option nor is it assuring that it will make any IDCW distributions. All IDCW distributions would depend on the performance of the scheme. Under this Option, IDCW amount payable of upto Rs. 100/- under a folio shall compulsorily be reinvested in the same option of the Scheme. Such IDCW shall be re-invested at the prevailing ex- IDCW Net Asset Value per Unit on the Record Date.
Allotment (Detailed procedure)	For NFO allotment and fresh purchase during ongoing sales with creation of a new Folio: • The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of closure of the NFO / transaction. • The AMC shall issue to the investor whose application has been accepted, an account statement specifying the number of units allotted within five business days of closure of NFO/transaction. For allotment in demat form the account statement shall be sent by the depository / depository participant, and not by the AMC. • For NFO allotment in demat form, the AMC shall issue units in dematerialized form to a unit holder within two working days of the receipt of request from the unit holder. For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement. • The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request. Pursuant to clause 14.4 of SEBI Master Circular, investors are requested to note the following regarding dispatch of account statements: A) Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund: <u>Investors who hold demat account and have registered their PAN with the mutual fund:</u> For transactions in the schemes of Bandhan Mutual Fund, a Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each

calendar month on or before fifteenth day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/ RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of IDCW option, Reinvestment of IDCW option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual

Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of IDCW option, Reinvestment of IDCW option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be issued every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

B) For Unitholders who have not registered their PAN / PEKRN with the Mutual Fund:

For folios not included in the Consolidated Account Statement (CAS):

- The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of transaction.
- The AMC shall issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. The account statement shall contain the details relating to all financial transactions made

	by an investor during the month, the holding as at the end of the month and shall also provide the total purchase value / cost of investment in each scheme. • For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement. • The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request. Further, an account statement shall be sent by the AMC every half yearly (September/March), on or before twenty first day of succeeding month. Such half-yearly account statement shall be issued to all investors, excluding those investors who do not have any holdings in BANDHAN MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. C) For all Unitholders In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

The physical copy of the scheme wise annual report or abridged summary shall be made available to the investors at the registered office of the AMC. A link of the scheme annual report shall be displayed prominently on the website of the Mutual Fund (<https://bandhanmutual.com/statutory-disclosures/financials>) and that of AMFI (www.amfiindia.com).

The AMC shall also provide a physical copy of abridged summary of the annual report, without charging any cost, on specific request received from the unitholder. A copy of scheme wise annual report shall also be made available to unitholder(s) on payment of nominal fees.

Risk-o-meter

In accordance with SEBI circular dated November 05, 2024 and Clause 5.16 of SEBI Master Circular dated June 27, 2024, Mutual Fund shall disclose, to the investors in which the unit holders are invested, (a) risk-o-meter of the scheme and benchmark while disclosing the performance of scheme vis-à-vis benchmark and

(b) details of the scheme portfolio including the scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark while communicating the fortnightly, monthly and half-yearly statement of scheme portfolio via email.

Further, pursuant to clause 17.4.1.h of SEBI Master Circular, any change in risk-o-meter shall be communicated by way of Notice cum Addendum and by way of an e-mail or SMS to unitholders of that particular scheme.

Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on the website of the Mutual Fund (www.bandhanmutual.com) and that of AMFI (www.amfiindia.com) within 10 days from the close of each month.

Mutual Funds shall also disclose the risk level of schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on its website and AMFI website.

Investors may please note that the Risk-o-meter disclosed is basis internal assessment of the scheme portfolio as on the date of disclosure.

Scheme Summary Document

Pursuant to SEBI advisory dated December 28, 2021, a standalone scheme document called 'Scheme

Summary Document' for all the Schemes of Bandhan Mutual Fund has been hosted on its website (www.bandhanmutual.com) which contains all the details of the Schemes including but not limited to Scheme features, Fund Manager details, investment details, investment objective, expense ratios, portfolio details, etc. The Scheme Summary Document is uploaded on the website of the Mutual Fund, AMFI and stock exchanges in 3 data formats i.e. PDF, Spreadsheet and a machine readable format (either JSON or XML).

Potential Risk Class (PRC) Matrix

Pursuant to clause 17.5 of SEBI Master Circular, all debt schemes are required to be classified in terms of a Potential Risk Class matrix consisting of parameters based on maximum interest rate risk (measured by Macaulay Duration (MD) of the scheme) and maximum credit risk (measured by Credit Risk Value (CRV) of the scheme). Mutual Funds are required to disclose the PRC matrix (i.e. maximum risk that a fund manager can take in a Scheme) along with the mark for the cell in which the Scheme resides on the front page of initial offering application form, SID, KIM, common application form and scheme advertisements in the manner as prescribed in the said circular. The scheme would have the flexibility to take interest rate risk and credit risk below the maximum risk as stated in the PRC matrix. Subsequently, once a PRC cell selection is done by the Scheme, any change in the positioning of the Scheme into a cell resulting in a risk (in terms of credit risk or duration risk) which is higher than the maximum risk specified for the chosen PRC cell, shall be considered as a fundamental attribute change of the Scheme in terms of Regulation 18(15A) of SEBI (Mutual Fund) Regulations, 1996. The Mutual Funds shall be required to inform the unitholders about the PRC classification and subsequent changes, if any, through SMS and by providing a link on their website referring to the said change. The Mutual Fund/ AMC shall also publish the PRC Matrix in the scheme wise Annual Reports and Abridged summary.

Refer SAI for further details.

Debt Index Replication Factor:

Debt Index Replication Factor of the underlying index by the portfolio of the Scheme will be disclosed on website of the Mutual Fund (www.bandhanmutual.com) on a monthly basis.

A. Transparency/NAV Disclosure:

NAV will be determined for every Business Day except in special circumstances. The NAV of the Scheme will be calculated upto four decimal places . NAV of the Scheme shall be made available on the website of AMFI (www.amfiindia.com) and the Mutual Fund (www.Bandhanmutual.com) by 11.00 p.m. on all business days. The NAV shall also be available on the Toll Free Number -1800-300-66688/1-800-2666688 and on the website of the Registrar and Transfer Agent CAMS (www.camsonline.com).

MFCentral as Official Point of Acceptance:

For enhancing investors’ experience in Mutual Fund transactions / service requests, the Qualified RTAs (QRTA’s), Kfin Technologies Private Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors.

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / phygital services to Mutual fund investors across fund houses subject to applicable Terms & Conditions of the Platform. MFCentral may be accessed using <https://mfcentral.com/>

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.
